

VETERANS FALL IN AND RELISH FEED

Respond to Command With More
Alertness Than 6 Years Ago. At
War Mothers Banquet

171 EX-SERVICE MEN ATTEND

Commander J. H. Kiplinger Presides
and Rushville Entertainers Give
Liberality of Talent

When Mike McCoy, former sergeant of Company B, shouted "Fall in for mess," 171 former service men of Rush county answered the command with more relish than they did six years ago, at the banquet given by the Rush county chapter of War Mothers, at the Social club rooms Wednesday night.

They "fell in" and "fell to" just as fast as the good home cooking of the War Mothers was served to them, and along about eleven o'clock, when the speech-making and the entertainment had been finished, they gave a resounding cheer for those who had made the feast possible.

The banquet was promoted by Rush Post 150 of the American Legion, of this city, and Mrs. John Huntington of Bloomington, Indiana War Mother, was a guest of honor and spoke briefly.

John H. Kiplinger, commander of Rush Post, presides during the after-dinner speeches, and Rushville entertainers gave liberality of their talents for the entertainment of the World War veterans.

Frank Henley of Indianapolis, state adjutant of the Legion, gave a brief explanation of the bonus law; Raymond Springer of Connersville, the first state commander of the Legion; Lieut. Booth of the Citizens Military Training Camp Association spoke in behalf of citizen training; Robert E. Mansfield of this city told a group of funny stories that had the "buddies" all laughing, and Phil Stapp, formerly of Greensburg and a member of old Company B, who was an unexpected visitor, told what the Legion had done in "putting over the bonus."

"I want to welcome here tonight in behalf of Rush post 150 every ex-service man who is not a member of the American Legion," Commander Kiplinger said. "We are glad because you responded so well. In behalf of the War Mothers, I also want to welcome you, because we are indebted to them for the food that we have enjoyed. This is only another evidence of what the War Mothers can and will do."

He introduced Mrs. Huntington, who extended a hearty welcome to the war veterans in behalf of the

SEES CO-OPERATION, SERVICE ESSENTIAL

E. H. Lyle of Sheldon School Addresses Kiwanis Club On Backgrounds of Progressive Business

LT. BOOTH SPEAKS FOR CAMP

E. H. Lyle of Indianapolis, Indiana director of the Sheldon School, addressed the Kiwanis club today noon at the Social club on the subject, "Some Backgrounds for Progressively Profitable Business."

Lieut. Booth of the United States Army also spoke briefly to the club, urging support of the citizens military training camp at Camp Knox, Ky. in July. Rush county's quota is ten young men between the ages of 16 and 25 years, and so far only one man has made application for admission to the camp.

Mr. Lyle said that giving service and co-operation are the two essential elements in any successful business enterprise. Performing a service for the customer establishes the proper contact and inspires confidence, which is necessary.

Mr. Lyle declared that co-operation is by-product-something that can't be bought or acquired in any way except through example. The head of any business establishment need not expect co-operation from those under him unless he himself shows co-operation. Mr. Lyle stated.

FLORENCE SHUBINSKI DIES

Daughter of Mrs. Omer Gartin Expires at Home Here Today

Miss Florence M. Shubinski, age 20 years, daughter of Mrs. Omer Gartin, died this morning about seven o'clock at the family home, 902 North Main street after an illness of several months with tuberculosis of the bowels.

The deceased was taken ill about the first of the year, and underwent an operation for appendicitis which disclosed the fact that she was suffering with tubercular trouble. Her condition in the past few weeks had been serious.

She is survived by her mother, and step-father, and her grandmother, Mrs. Boone Gilson, living north of Rushville.

Services will be held Sunday afternoon at three o'clock at the late resident in charge of the Rev. W. A. Young, and burial will be made in East Hill cemetery.

BIBLE SCHOOL TO BEGIN ON JUNE 9

Daily Vacation Bible School Will
Last For Five Weeks at First
Presbyterian Church

SESSIONS EACH MORNING

Teachers For the Various Departments
are Announced—No Tuition is Charged

The First Presbyterian church will conduct a Daily Vacation Bible School for five weeks this summer, beginning Monday June 9. This is the third summer Bible School this church has conducted. The sessions are held each morning from nine until eleven-thirty o'clock.

The object of the school is to teach the Bible to the children and to help cultivate in the lives of the children the spirit of worship and the right attitude, one toward another. Even the play and craft work is taught with the idea of helping the children to regard the rights of others in the Christian spirit.

Each day is begun with worship. A portion of the Bible is committed to memory each week and its meaning explained. The great hymns of the church are studied and memorized. Both the Christian flag and the American flag are used in the school daily, and the children are taught their meaning, and respect for them.

The church is fortunate in getting a list of teachers who have had experience and are well qualified for the work.

Miss Bertha Moore will have charge of the kindergarten work.

Miss Mae Meredith will have the primary department, with ages seven and eight.

Miss Helen Pierson will have the junior department, ages nine, ten and eleven.

Miss Margaret Herkless will have charge of the music and help with the junior department.

There is no tuition fee charged but usually persons interested in this work are glad to help make it possible. The teachers get a small compensation.

JAPAN SENDS NOTE OFFERING PROTEST

Ambassador Will Present it to Department of State Today, Involving the Immigration Bill

CONTENTS UNKNOWN SO FAR

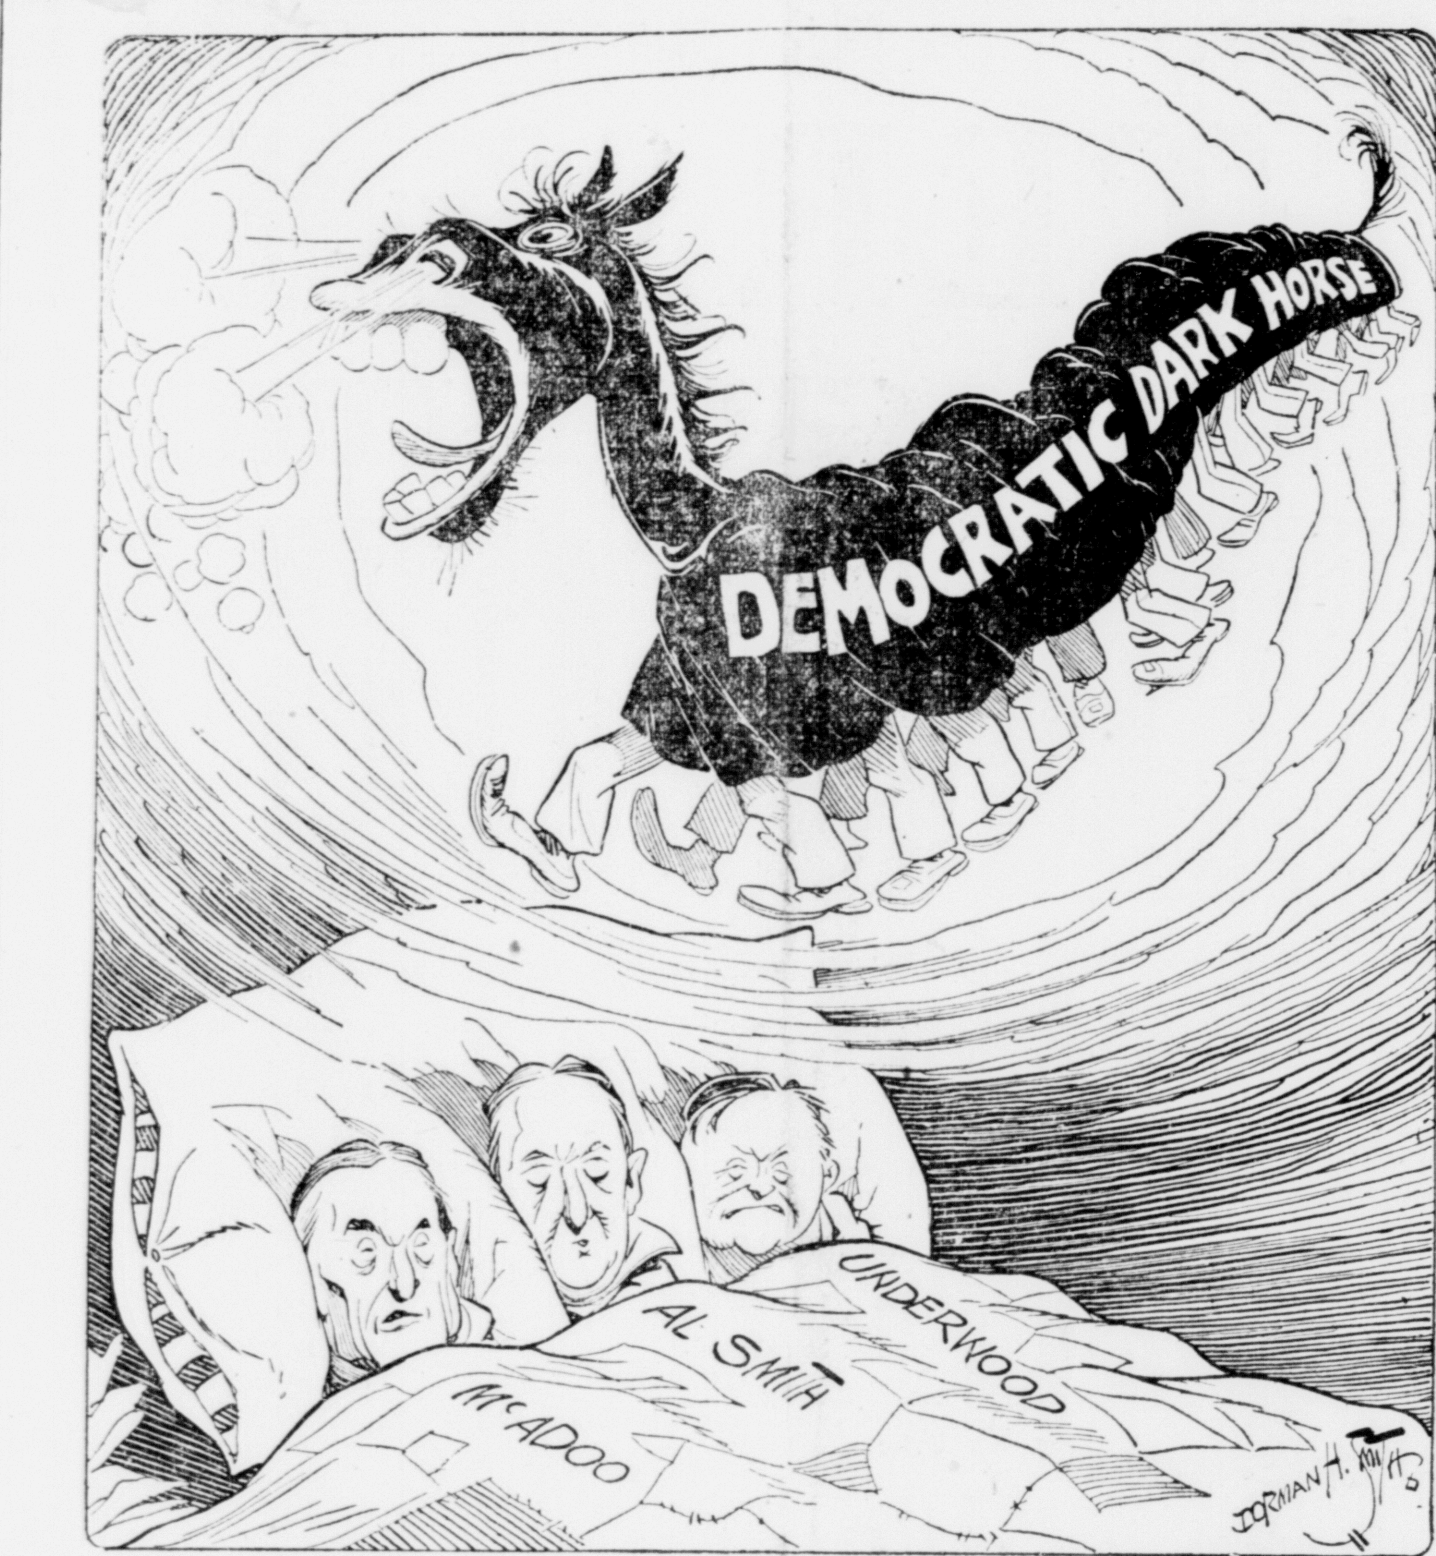

Washington, May 29—Japan's note making a "solemn protest" to the United States against the immigration law excluding Japan, arrived at the embassy here today.

Ambassador Hanihara will present to the state department probably today.

High American officials will anxiously await to learn the nature of the note which is expected to be worded in strong terms.

Before Secretary Hughes replies to it he will discuss with President Coolidge the serious situation that has developed in relations between the United States and Japan.

THE NIGHTMARE

CYCLONE MAKES ANOTHER SWEEP

Southeastern Oklahoma, in Vicinity of Wetumka, Reports Toll of 12 Dead and 50 Injured

PROPERTY LOSS IS HEAVY

Twister Swept Path Block Wide and Five Blocks Long Through Residential District

Wetumka, Okla., May 29—Twelve known dead, more than fifty injured, several missing and property damage estimated at \$100,000, was the toll of the cyclones which scourged Southeastern Oklahoma last night.

Wetumka was hardest hit. The twister swept a path a block wide and five blocks long through the residential district. Ten were killed outright and forty injured. Fourteen of the most seriously injured were taken to hospitals at Kenyetta. The dead:

J. L. Ramsey
W. R. Armstrong, wife and baby.
H. A. Woodruff and wife.
Infant daughter of Edward Cole and three unidentified.

Two persons were killed and two injured at Warner, Okla.

The dead:
Win. Winkelpeck, 43.
Madge Ward 14.
Wire communications throughout this section of the state were disrupted.

Red Cross representatives arrived today to help in caring for the injured and take the place of relief workers who labored throughout the night searching the debris for the victims.

Physicians from surrounding towns arrived during the night and conditions were orderly today with the national guard unit here and the American Legion in charge.

DENY THAT FORCE WAS USED

Indianapolis Detectives Testify in Loudon Murder Case

Shelbyville, Ind., May 29—Denial that force was used in obtaining a confession from Charles Henry, colored, accused of the murder of Patrolman Loudon in Indianapolis, was made today by Detectives Thomas and Landers in the trial of Henry.

They said Henry signed a confession without force in which he admitted shooting Loudon when he was trapped by the officers, as he was breaking into a drug store.

Henry claimed he was beaten and stricken by detectives.

TO START NEW CARS FRIDAY

I. & C. Will Place Them in Service As Far As Rushville

The new steel cars will be put in operation Friday on this division of the Indianapolis and Cincinnati traction company, between Rushville and Indianapolis, it was announced today.

The all steel cars have been in operation on the Shelbyville division for two weeks, and the change in the power will be made tonight for that section of the track between here and the city. The first of the cars will start out in the morning at 5:15, and will continue all day. Until the line can be made ready, it will be necessary to use the old cars between here and Connersville, and passengers will change cars here for a few days.

CLASS OF 300 LIKELY AT LOG ROLLING HERE

Adoption Will Take Place at Modern Appliance Building Night Before The Fourth

BARN DANCE FOR THE FOURTH

A class of 200 or 300 candidates is expected to be initiated by the Modern Woodman on the night of July 3, as the opening ceremony for the Twenty-fifth annual state log rolling, which will be held in this city July 4.

The big class adoption will be held at the Modern Appliance building, and plans to take care of a monster crowd are being made now. C. E. Sterrer, district deputy for the ninth district, has charge of organizing the class for the initiation on that night, and he says that Wayne, Union, Fayette and Franklin county will bring 100 candidates. Shelbyville will have 25, Greensburg 15 or 20, with Columbus, North Vernon and other towns in this section making plans to have delegates.

The work will be conferred by the Marion county camp team, which won first prize last year, and the North Vernon team will be here to compete for prizes.

It also has been suggested that on the morning of July 4, in connection with the all day celebration, that an old fashioned barn dance will be held on the streets, and if enough interest can be aroused, prizes will be offered. Those who want to enter should see John P. Stech, and assist in making the plans.

MANY KILLED IN HEAVY EXPLOSION

Royal Families Of Rumania And Greece Escape When Munitions Magazines Blow up

CAPITOL UNDER FIRE

Shells and Artillery Explode When Sparks From Switch Engine Cause a Fire—Dead Unknown

Bucharest, May 29—Many persons were killed and injured and the royal families of Rumania and Greece barely escaped with their lives when munitions, magazines and artillery dumps near Bucharest blew up in a series of deafening explosions that continued throughout Wednesday.

The capitol was under fire of a rain of bursting shells which shattered windows in every part of the city and which fell in the court yard of the royal palace. One shell exploded with terrific effect on the exact spot where King Ferdinand had just been standing a few seconds before.

Parliament adjourned as the intensity of the explosions increased. There was a panic in schools throughout the city and these were closed to permit the children to seek safety in their homes.

Sparks from a switch engine apparently started the conflagration, igniting a small arms ammunition magazine about two miles from the city. The first explosion was at 10 a. m., Wednesday.

The first dump to go was in the center of a larger one and flames spread rapidly, exploding a series of magazines.

The blasts kept up irregularly until 4 p. m., when the flames reached the artillery dumps.

Then began a series of deafening explosions and shells began to fall in every direction, some bursting near the royal palace. Parliament was in session but adjourned.

King Ferdinand and his war minister, General M. Madsesso rushed to the scene of a fire started by one of the detonating shells. The general snatched the king back from a particularly dangerous spot and a few seconds later a shell, landing just where Ferdinand had been standing blew a large hole in the earth.

BARBER SHOPS TO CLOSE

The barber shops of Rushville will be closed all day tomorrow on account of the observance of Decoration Day.

RAINEY DRAWS A SENTENCE

Harry Rainey Pleads Guilty to Charges and Gets 80 Days

Harry (Hip) Rainey, was arraigned this afternoon in police court before mayor Thomas on charges of intoxication and for assault and battery, following his arrest early Wednesday morning by police officers.

The defendant entered a plea of guilty to each charge and was fined \$5 and costs on the intoxication charge and \$25 and costs and given a 30 day sentence on the assault and battery charge. He went to jail upon default of payment of the fines which will total about 80 days at the state penal farm. The defendant was charged with assaulting police officers while they were attempting to arrest him.

Evidence on Petition of Spiceland Phone Co., For Increased Rates Taken Under Advisement

OWNER OF MAYS EXCHANGE

Company Shows That it Faces Deficit Even With More Revenue—Flat Rate For Mays Sought

Evidence submitted at the hearing on the petition of the Spiceland telephone company, owner of the Mays exchange, at Spiceland Wednesday, for authority to increase rates at Spiceland and Mays, was taken under advisement by Maurice Douglas of the public service commission, and a decision is not expected for ten days or two weeks.

It is brought out at the hearing that the company faces a deficit even if the rates sought are granted by the commission.

The new rates asked are \$2.50 for all business phones, rural or town; and \$1.50 for all resident phones, rural or town. This is an increase of 50 cents a month over the present rate for business phones, 25 cents a month for rural residence phones and 15 cents a month for town residence phones.

It was brought out at the hearing that the Mays exchange was particularly unprofitable because it covers such a large territory for the number of subscribers. There are only one and two-thirds phones per wire mile, the evidence showed.

The petition asks for approval of a flat rate of \$1 a month for service between Mays and Rushville, and asks that the toll charge of 5 cents with Newcastle be changed to 10 cents for station to station calls and 15 cents for person to person calls.

The company, it was brought out at the hearing has 530 subscribers at Spiceland and Mays.

It was brought out that the proposition

NOTED CAPITALIST IS DEAD AT TERRE HAUTE

Crawford Fairbanks, Age 81, is Said to be Wealthiest Man in State, Dies After Long Illness

WAS PROMINENT IN BUSINESS

Terre Haute, Ind., May 29—Crawford Fairbanks, 81 years old, noted capitalist, in dead at the Terre Haute House here today after an illness of five months.

Mr. Fairbanks was reputed to be the wealthiest man in Indiana. He was a banker, manufacturer, politician, sportsman, and was identified with some of the largest business enterprises in the country.

Born in Terre Haute, April 25, 1843, Mr. Fairbanks rose from the moderate circumstances of his father's home to one of the most powerful business executives in the country.

He was a civil war veteran having been a private in the 129th Indiana infantry.

During the World War all of his extensive manufacturing plants which reach from Massachusetts to Florida and extend over the entire midwest played at the government's disposal.

Preparations Complete For Most Elaborate Observance Attempted Here in Years

IN MORNING AND AFTERNOON

American Legion Co-operating With Other Patriotic Organizations to Make Day Success

PLEA TO DECORATE

The American Legion post today issued another plea for residents of Rushville to enter into the spirit of Memorial Day and decorate their homes Friday. Merchants are also asked to display flags in front of their places of business.

In case the weather is inclement and will not permit the holding of exercises at East Hill cemetery Friday morning, the program will be carried out in the court house.

Everything is in readiness for the observance of Memorial Day in this city Friday, the program to begin with the parade to the East Hill Cemetery at nine o'clock and will close with a program in the Assembly room of the court house in the afternoon, given under the auspices of the patriotic organizations of the city.

The ladies of these different orders are urging people who have flowers to donate for the purpose of decorating the graves of war veterans, to please have them at the sheriff's office in the court house by eight o'clock Friday morning, as the flowers will have to be made in bouquets.

The parade in the morning will move to the cemetery at nine o'clock, and will consist of ex-service men, who are urged to wear their uniforms. G. A. R. veterans, disabled veterans of other wars and the women's patriotic organizations, and school child. The ladies will take charge of the children who participate in the parade and are requesting the parents to send them. Each child will be given a flag to carry.

A program will be given at the cemetery including the W. R. C. ritualistic services at the Soldiers' Monument at 9:15 o'clock. Col. Paul B. McNutt, ex-service man and head of the Indiana University Law department, will speak and J. H. Kiplinger, head of the Rush Post of the American Legion, will make a few introductory remarks. At 10:30 the W. R. C. Ritualistic services at the water, followed by the American Legion services at the Legion Lot and the decoration of graves, will conclude the morning program.

In the afternoon the program be-

LOCAL COMMANDERY HOLDS CELEBRATION

Winning of First Place In Biennial Inspection Subject of Talks Following Banquet

RICHMOND UNABLE TO COME

About ninety members of Rushville commandery No. 49, Knights Templar, celebrated their winning of first place in the biennial inspection last year, which was announced at the grand commandery meeting in Fort Wayne two weeks ago, with a banquet and degree work at the Masonic Temple Wednesday evening.

The Richmond commandery, which was second in the ranking on inspection, was invited to send its degree team to assist in the celebration, but was unable to do so.

Harry Wyatt, commander, presided at the short program following the banquet, and Hugh E. Maunz, past commander, complimented the degree team and the commandery for its showing. He pointed out that it was some distinction for Rushville and one that should be appreciated.

Judge Will M. Sparks responded on behalf of the team and short talks were made by Clall Maple of Muncie and Ed Folsom of Indianapolis, both former residents of Rushville and members of Rushville commandery. Mr. Maple's little son Jimmie also made a talk.

posed rates would give the company an increase in revenue of \$1,400 a year. Based on a fair return on the company's valuation of the property,

the increase in revenue would be \$1,900 but the company, it was contended, is not seeking this figure.

The book value of the company was given as \$32,133.59, with a deficit amounting to \$5,339.75. The public service commission placed a value on the property at \$27,006.13.

Testimony of company officials showed that the first three months of this year the company suffered a loss through storm damage and based on this rate of deficit, the loss for the year would be \$1,800.

The testimony showed that in 1920 the company was granted an increase

in rates and when patrons threatened to discontinue the service if the rates were put in effect, the company compromised and cancelled all of the authorized rates except to business houses. It was contended at the hearing that the rates now sought are not as high as those

granted by the commission at that time. In 1922 the company paid the first and only dividend in nine years this amounting to \$964.94 and on the present investment to company is not getting sufficient revenue to pay expenses and has no funds to make

extensions and improvements. The few subscribers who testified generally stated the service was good. Some intimated they had their minds "made up" and would discontinue the service if the rates are increased.

gins at 2:30 o'clock and will be held in the assembly room of the court house. At this time the Rev. L. E. Brown, pastor of the Main Street Christian church, will deliver an address. Asplendid literary and musical program has also been arranged for this time, including musical numbers by musicians of this city and readings by ladies of different patriotic orders.

The American Legion also makes another appeal for the residents of the city to cooperate with the patriotic organizations, by decorating their homes and for the business men to decorate their stores. The Legion is putting forth much effort to make this day, a day to be remembered, and will appreciate all assistance so that the day may be properly observed.

MURDER CASE JUNE 3

Connersville, Ind., May 29—A special venire of thirty names had been drawn today for the jury in the trial of Mrs. Ekka Simmermyer, 28, charged with the murder of her husband. The trial will start Tuesday.

A chicken supper will be served at the Wesley M. E. church hall Friday evening, beginning promptly at five o'clock under the auspices of the Queen of Sheba Club.

Now Is the Time to Prevent Cholera

It is predicted that this year will be one of the worst years for HOG CHOLERA we have had for some time. I have taken over the exclusive agency for the American Veterinary Supply Co. for this country. I will be glad to call on you and explain our policy. We have saved the farmers of Indiana thousands of dollars. Have you had your share of this saving?

The best time to treat hogs is at the age of seven to nine weeks, while they are still on the sow; they will come through the reaction in better shape and will cost you less.

Giving and getting:—Give, and it shall be given unto you: good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again. Luke 6:38.

Prayer:—Our Father, thou hast made us all of one blood created in thine own image. May we show our kinship to thee by our generosity to our fellows.

A Service Organization

As another Memorial Day, with its many memories comes again, we see the American Legion, a vibrant and militant organization, taking the lead in keeping alive the traditions of America and doing more than its part in endeavoring to stir emotions that breed patriotism and a true conception of what our country means.

The Legion is composed of men who fought for their nation's honor during the hour of its greatest peril in all of its proud history. They have made their sacrifice, and they are willing to continue in rendering service by assuming the leadership in the observance of Memorial Day.

The part they ask of those who were not called upon to fight during the World War, is small indeed, compared with the trying experiences through which they passed. They ask only that everyone join with them in paying some mark of respect to the honored men who lie in East Hill and in other cemeteries of the county.

Their simple request is that we give up a half of the day, that is usually devoted to pleasure, in turning our thoughts to the deeds of those who lie in hero's graves. The co-operation they seek is so insignificant, that surely no one can deny it, if it is humanly possible to lend your presence on the occasion of the formal observance of Memorial Day.

The American Legion is a service organization, as has been demonstrated time without number. It has worked valiantly for the disabled veteran and now it proposes to shoulder the responsibility for the administration of the new bonus law, so that every ex-service man may take advantage of the government adjusted compensation.

The Legion will make it possible for every former soldier to make formal application for benefits under the law without a cent of expense to himself. It will eliminate the possibility of any unfair advantage being taken of the ex-service man for financial gain.

The American Legion deserves the united support of all good Americans.

Child-birth

WHEN the little one arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., writes: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and mail your order to Bradfield Regulator Co., B-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

in its efforts to see that the men who fought get fair treatment.

The Legion has succeeded in untieing some of the red tape that has surrounded the work among the disabled soldiers, and with the proper backing, it will undoubtedly perform equally as great a service in helping to put into effect the provisions of the adjusted compensation measure.

Good News For Europe

"Europe is at work. The spirit of the people has changed. There is renewed vitality and hope. Real leadership is being shown by rules and governments. There are more signs of improvement than at any time since the war."

This is a summary of the statement issued to the religious press of the country by Dr. John R. Mott, who has just returned from an extended trip in Europe, Northern Africa and Western Asia. Dr. Mott made the trip as chairman of the International Missionary council.

This is the best and most cheering news that has been brought back from Europe for more than ten years. It is to be hoped that the gentlemen quoted didn't look through smoked glasses. It really seems too good to be true, if Europe has really settled down and gone to work.

There is a possibility that Charles Dawes made such a fine impression over there that the people decided his example would be a very good one to try, having put every other imaginable plan to the test.

Who knows, we may wake up one fine morning and learn that some European country has paid the interest on its war debt?

Strange things have happened—some of them might actually get the idea that the United States is entitled to some consideration for financing the war and make a small down payment.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—No more difficult problem will be faced by William M. Butler, campaign manager for President Coolidge, than that of "selling" the Coolidge candidacy to William Edgar Borah of Idaho.

Borah has been the first choice of Butler and the Coolidge clan for the honor of placing "Cautious Call" in nomination at the Cleveland convention.

But Cal in his warier days was was never more cautious than Borah has been in considering whether or not to accept said honor.

Borah's personal preference is, in this campaign as in most matters he undertakes, to play a lone hand. He is up for re-election himself this year, and it is a question whether his own position in Idaho will be helped or hurt by too close an affiliation with the Coolidge campaign.

Borah's strength in his home state has been his progressivism. The chief claim for Coolidge support, however, is on the ground of the president's caution and conservatism. While the two could be mixed to Coolidge's advantage, nationally, the combination might cause colic and convulsions if applied locally in Idaho.

It is the advantage that would result from an open and sweeping endorsement of Coolidge by Borah that has been sought in the effort to persuade Borah to make the nominating address.

This would serve two purposes. It would incline favorably to Coolidge a large progressive following which would accept Borah's estimate of the man and his abilities as their own estimate.

And, having committed himself to the Coolidge candidacy by placing him in nomination, Borah would be compelled to ride the range peaceably with the organiza-

tion outfit during the entire campaign.

A LESS important factor, but one that also has had its part in the negotiations, is that Borah's speech would be one that would get across not merely to the convention but to the country.

Borah's speeches are "good copy." Next to the original "T. R.," no man recently in public life has had the knack of expressing himself so as to catch the newspaper headlines as has Borah. His speeches are picturesque and full of "punch."

His voice, too, is powerful and with a carrying quality that can reach the most remote corner even of Cleveland's great auditorium.

NEXT to Borah, consideration of the nominating speechmaker has centered chiefly around Albert J. Beveridge of Indiana.

Beveridge, too, carries some of the aura of a progressive, through his adherence to Roosevelt in 1912. He is, also, a good orator. He has perhaps greater eloquence, but less force, than Borah.

But Indiana Republican politics are so scrambled this year that the advantage to the Coolidge cause through Beveridge would be much less than through Borah. With a triangular intra-state battle raging between the Watson-New-Beveridge factions of the G. O. P., the Hoosier orator might cost Cal even the small chance he now has of carrying that state.

THIRD in the list comes the loudest speaker of them all—Senator Frank E. Willis, of Ohio. No amplifier is needed when Willis speaks. His speeches nominating Theodore E. Burton, in 1916, and Warren G. Harding in 1920, have never been surpassed in point of volume and audibility.

He will nominate Coolidge, if desired. Or he will accept a vice presidential nomination if offered. Either way, Willis is willing!

JOINT CONVENTION CLOSES

Election of Officers by Bar Association This Afternoon

Terre Haute, Ind., May 29—With the election of officers scheduled for this afternoon, the joint convention of Illinois and Indiana bar association will be brought to a close following a three day session.

Having disposed of all business possible Wednesday the two associations today met separately to hear reports of their respective officers and committeemen.

Scout Notes

Troop No. 4 had an election of officers Tuesday night as follows: Senior patrol leader, Herman Hilligoss; troop scribe Kenneth Plunkett.

Buffalo Patrol: Robert Stewart, patrol leader; Frank Moore, assistant patrol leader; Members, Robert Kinnear, Oren Seawright, Scott Hosier, Gale Hinchman, Mac Hobbs, Kenneth Plunkett.

Panther Patrol: Walter Keaton, patrol leader; Grafton Dishinger, assistant patrol leader. Members, George C. Wyatt, Fred Hubbard, Thomas McManus, Richard Ball, Lewis Thomas and George King.

All scouts are requested to meet at the court house at 10 a. m. Saturday to have a group picture taken. Work should keep no boy away as it will only take ten minutes to take the picture. All boys who belong to the organization up to June 1, should be in this picture.

Remember to be at the court house at 8:45 Friday morning in order to help the American Legion make a success of their Memorial Day celebration.

Troop 2 enjoyed a birthday party at the home of Hal Eugene Green Wednesday evening. (Notes furnished by Kenneth Plunkett, Troop 4 scribe).

Rev. Joshua Stansfield of Indianapolis delivered the commencement address at Carthage Thursday night and Wagoner's orchestra of this city furnished the music. Following is a list of the graduates, Gale Boring, John Bentley, Virgil Binford, Wilma Bundy, Elsie Chappel, Lindlay Clark, Lora Coffin, Paul Fall, John Gates, Mabel Jone, Edward Leonard, Walter Phelps, Lawrence Scott, Frederick Sohn and Russell Winslow.

Memorial Day will be duly observed here next Monday. In the morning the old soldiers will convene in the sheriff's office and march to East Hill cemetery, leaving the square about nine o'clock. Memorial services will be held in St. Paul's M. E. Church Sunday morning at 10:30 o'clock when Dr. V. W. Tevis will preach a sermon in keeping with the occasion.

The baccalaureate service tomorrow night at the Main Street Christian church promises to be one of the most beautiful and impressive services ever held in this city. The class, the largest in the history of the school, is composed of excellent young men and young women in whom community is interested. Rev. R. B. Abberley will deliver the sermon.

Unless the local officers or members of the Rushville Gun Club take the initiative some one in this city is going to be injured by a wild and ferocious owl in this city. The owl lives in a big tree near Capt. J. B. Reeve's home in North Main street. Last night B. F. Miller was attacked by the bird while he was returning from the Christian church banquet. His wife was with him and suffered a fright also. The owl made two bold dashes at Mr. Miller, the second time striking him on the hat. John Tittsworth told a story of how the owl struck him one night. Carl Nipp also related his experience with the bird. John Kiplinger was also a victim. Roy Harrold told how he was frightened out of a year's growth when the owl got fly with him. George Monjar and George Daniels had a thrilling time with the bird before they knew what it was.

Dr. Harry Holmes, head of the department of chemistry of Earlham college will be here the first of next week to address the high school and will be the guests of T. A. Craig in North Harrison who was a classmate of his in Westminster college in Ohio.

Prof. Scholl's Sunday school class and Willing Workers met with Mrs. Sarah Ball in North Jackson street yesterday afternoon and a pleasant time was enjoyed by all. They hope to increase the membership to fifty.

The home of James Cross near Arlington was struck by lightning during the severe rain storm Thursday night. The bolt struck the chimney and ran down to the flue and into the house. Catherine, the young daughter of Mr. and Mrs. Elmer Cross, who, with her mother, was visiting her, was severely shocked.

Never Before Have Prospects Been
More Evident For Faster Speed
in 500 Mile Race

JIMMY MURPHY HAS THE POLE

He and Milton and Joe Boyer Will
Undoubtedly Set Pace in Opening
Laps of Speedway Event

Indianapolis, Ind., May 29—The barrier for the start of the International 500-mile race at the Indianapolis Motor Speedway, Friday, has been set for springing promptly at 10 o'clock in the morning.

Never before have prospects for such a thrilling race, a large crowd and faster speed been more evident on the eve of a racing encounter.

Drivers, tried and worthy, are waiting the wave of the starter's red flag with a calmness that is amazing. Many of the better cars to be pitted by favorite drivers are already under lock and key—ready for the start of the race. This is a new epoch in racing history, for heretofore it has been tradition that a racing car is never ready for a race.

The prediction of the wisemen is that the record of 94.48 miles an hour for the 500 miles, established by Jimmy Murphy in his 1922 victory, will fall in this year's race.

Favored drivers are Jimmy Murphy, who has the pole in the start of the race, and who traveled faster than any other driver in the elimination trials, Tommy Milton, twice winner of the International classic and world's speed king, and Joe Boyer, Detroit millionaire, who speeds for thrills.

Murphy will drive a Miller Special, Milton also drives a Miller, while Boyer will be at the wheel of a Duesenberg.

Murphy, Milton and Boyer undoubtedly will be the drivers who will set the pace in the opening laps of the race. If their cars stay together, as they expect them to, the record undoubtedly will be shattered and one of the three returned a winner.

Conservative drivers, who will lag at the start, remaining within striking distance of victory at all times and pilots to be reckoned with at the 400 mile mark are Eddie Hearne, Cliff Darrat, Bennett Hill and Harry Hartz.

A dark horse may loom in the big race—and there are plenty of them in this race to romp home first for lion's share of a purse that will approximate \$100,000. But experience counts in the 500-mile drive more than in any other racing classic.

It has every indication of being a great race—the best in history—and as usual, the best gun and ear will roll across the tape to a deserved victory.

Winchester—Auto races are to be held at Fank's Motor Speedway near here Decoration Day.

Speedway, Track and Ring

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 29—Three of the season's best and most interesting sport spectacles are to occupy attention over the week-end and usher in what should be the most crowded summer in the history of athletics.

The annual 500-mile automobile sweepstakes will be staged tomorrow in Indianapolis; the intercollegiate track and field championships will start tomorrow in the Harvard stadium and the Gibbons-Carpentier international light heavyweight match is to be staged Saturday at Michigan City, Indiana.

The three events are of world-wide interest and importance. The Indianapolis automobile race is the oldest, richest and most important event of its kind in the world. The intercollegiate track and field championships carry the most prestige of any collegiate athletics in the world and the Gibbons-Carpentier contest will bring together two of the most skillful boxers in the world.

For three years the far west, represented by the University of California has reigned supreme on the intercollegiate track and field. For three years the best athletes in the east have failed against a small squad of California athletes, whose victory was scored almost by a few great field stars.

Three Pacific Coast teams are entered in the championships this year

and the hope of the east is slimmer than it had been during those three years.

With the weakest team it has had in years, the University of California may not and probably will not win, but there are excellent chances that the Pacific Coast will finish one-two in the championships.

Stanford University will start as the heavy favorite with the University of Southern California as second choice. There seems to be in the east not a single team with enough distributed strength to finish better than third.

The intercollegiate will be of far more importance and they will warrant more attention than the meet would draw under ordinary circumstances. It is the first meet in which a large number of candidates for the American Olympic team are to be put to the test.

Practically all of the Olympic coaches will be on the field to look over the athletes from whom are to be selected many members of the team that the United States will send to Paris. College athletes were represented largely on the team that went to Antwerp in 1920 and perhaps 50 percent of the team this year will consist of college men and athletes who are only a short time out of college.

On the fast Harvard track it is possible that near to record time may be scored in many of the track events. In the field several records are expected to be lowered, especially in the weight events, where three of the greatest young shot-putters will be forced to the limit to win.

count for anything, he is in the best shape of his career. He seems heavier, stronger, and more confident than when he met Dempsey.

Gibbons also went through a strenuous workout in which he appears to be at top form. Gibbons is supremely confident. He has been working steadily, cheerfully and predicts he will win by a knockout.

Joe Coffey, president of the company handling the fight, announced that due to the misunderstanding of the time of the fight, there will be an unadvertised series of four round bouts, starting at 2 o'clock standard time. The advertised bouts will start at 3 o'clock standard time. This should bring Carpentier and Gibbons into the ring about 4:30.

The "advertised program" follows: "Farmer Joe" Cooper, Southern Illinois and Jack Kane, Chicago, 130 pounds, four rounds;

Charlie Van and Jack McDonald, Chicago, heavyweights, four rounds. Alex Trambitis, California, and Patsy Rocco, Chicago, 147 pounds, six rounds.

Frankie Garcia, Memphis, and George Batsch, St. Louis, 126 pounds eight rounds.

Gibbons and Carpentier are to follow Garcia and Batsch, Sammy Mandell, Rockford, Ill., and Paul Fritsch, French lightweight, are scheduled to follow the main go in order to keep the whole crowd from stampeding for the exits at one time.

KEEPING ONE EYE
ON THE SCOREBOARD

After winning the first game, the Yanks were dropped by the Senators 6 to 1 and they remained in a tie for first place.

Bumping Vance and Grimes hard in the pinches the Giants took a double header from the Robins at 6 to 5 and 4 to 2.

The Browns dropped the first game to the Tigers 4 to 3 and won the second 7 to 0.

Cooper and Lundgren were knocked out of the box and the Cubs beat the Pirates 9 to 6.

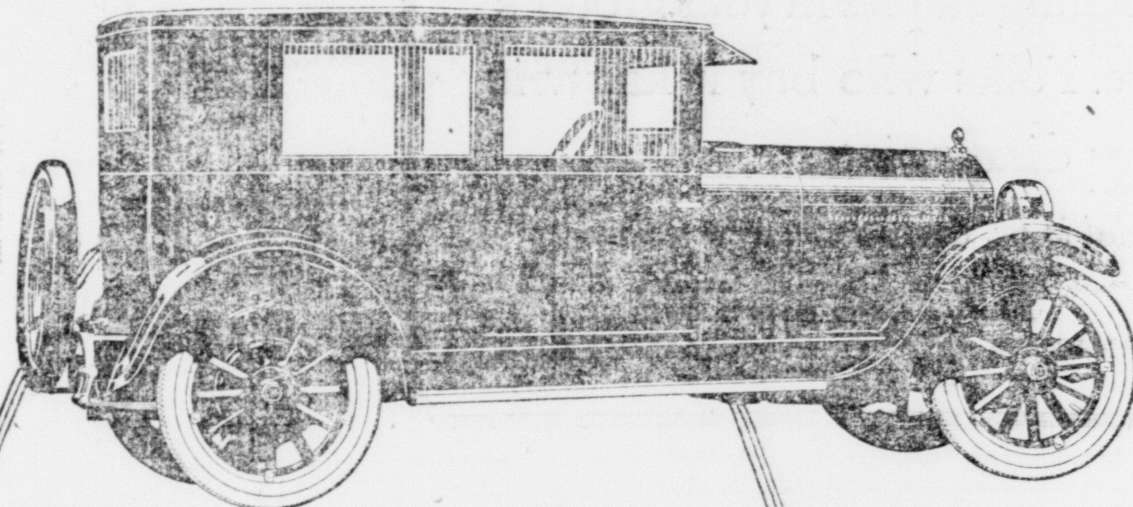

Behind Shaute's good pitching the Indians won the first game from the White Sox 5 to 0 but they lost the second 13 to 6.

Sotheron shut out Cincinnati 6 to 0 in the first game but the Cards lost the second 5 to 3.

Welch's homer in the ninth with one on gave the Athletics a 2 to 1 victory in the first game but the Red Sox took the second 1 to 0.

The Phils beat the Braves 4 to 1.

Closed Car Comforts
at Open Car Cost

The Coach costs but \$125 more than open models on either Hudson or Essex. The extra cost of closed models on other cars is from \$300 up, even on the lowest priced cars. More than 135,000 Coaches are in service. Sales exceed 3,000 every week. Everyone prefers a closed car. The Coach alone is the quality car within reach of all. No wonder the Coach on Hudson and Essex is the world's largest selling six-cylinder closed car.

The price you want to pay will decide you for Hudson or Essex. The closed car advantages of the Coach and its price surely leave no other consideration.

WILL U. S. ATHLETES
SHY AT THE WINE?

Paris, May 29—The first temptation for Olympic athletes in Paris is the so-called "wine of honor", a flowing goblet of champagne, offered by the official reception department of the Olympic Committee.

The idea is to brighten the greeting and make the muscular guests feel at home. Wine is not denied French athletes in their training, but what can Coach Robertson do when the bubbling bottle (or bottles) is broken in honor of the Americans. Will it be diplomatic for him to shun the honor and ask for water? And if he doesn't, what of his training rules?

But perhaps the committee members will be tolerant. They are kept hustling greeting the many different groups that arrive daily, and some days they feel that enough is enough, however good the champagne.

FIGHTS AND FIGHTERS

New York—Rain caused the postponement of the Johnny Dundee-Luis Vincentini contest scheduled for last night. The bout may be staged tomorrow night in Madison Square Garden.

Under Auspices of Always Present Sunday School Class of the Main Street Christian Church

Society

The choir of the Main Street Christian church will meet at the church Friday evening at 7:30 o'clock for their regular rehearsal. All members are urged to be present as officers will be elected at this time.

The Crusaders Class of the First Baptist church was delightfully entertained Wednesday afternoon at the home of Miss Sarah Frances Polgrove in West First street. A short program was rendered and the remainder of the afternoon was enjoyed in playing games and contests. Refreshments were served by the hostess.

The choir of the St. Paul's M. E. church of this city, Glenwood M. E. church and Metamora M. E. church will hold a joint rehearsal Friday evening at the church in this city in preparation for the program to be given by these choirs Sunday evening at the St. Paul's church. A social hour will be held following the rehearsal.

Mrs. Katherine Norris and Miss Dorothy Maho were charming hostesses Wednesday afternoon when they entertained with a miscellaneous shower at the home of the latter in North Jackson street, honoring Miss Katherine Wyatt, who will be married Friday evening, June 6, to Harold Perkins. The afternoon was spent informally by the guests and as the closing feature dainty refreshments were served. The bride-elect received several beautiful presents.

State War Mothers.

"The American War Mothers are always with you heart and soul," she continued. "You can depend upon them for hearty co-operation. I am glad to meet the War Mothers of Rush county. I believe they are making progress toward that goal which has lured us all on. The history of the Indiana War Mothers shows that they did their part nobly in supporting the war nationally and financially."

She pointed out that Indiana sent more than her quota of boys, that an Indiana boy fired the first shot in the war and that Indiana boy was the first American soldier to give his life.

"The Indiana War Mothers are proud of our boys," Mrs. Huntington said.

She declared that "We can't live alone," but that we "must look for and see opportunities to be of service." The Indiana War Mothers called on the Rush County War Mothers to see what the boys want and "let them know that a nation worth dying for in times of war is worth living for in times of peace."

The entertainment features of the program were very popular with the former soldiers, who applauded with great zest every reading, every vocal and every instrumental selection.

The Sananabs, an organization of high school girls, sang a number of songs in costume. Miss Lillian Wilkinson and Miss Margaret Guffin taking the leading parts. A patriotic

R. V. SIPE IS PAROLED BY PRISON TRUSTEES

Former Clerk of Marion County Serves Minimum Term For Embezzlement and Gets Liberty

NOW ON RUSH COUNTY FARM

Indianapolis, Ind., May 29—Richard V. Sipe, ex-clerk of Marion county, who was sentenced to the state prison on a charge of embezzlement, has been paroled by the board of trustees of the institution, it was learned yesterday. Sipe, it was said, had served the minimum part of a term of from two to fourteen years. He was sentenced in the Marion criminal court April 24, 1922. The parole was granted at the May meeting of board in Michigan City.

Sipe is now living on a farm in Rush county, it was said. Members of the prison board said Sipe's parole had been recommended by many officials and citizens of Marion county.

In addition to the sentence on the charge of embezzlement, Sipe received a sentence of from one to five years for conspiracy to embezzle. He also received a fine of \$7,000, which has not yet been paid, according to officials. The prison terms were to run concurrently.

number read by Miss Vera Reynolds, of the Sananabs, received deserved applause. Miss Leah Schatz played the piano accompaniments for the Sananabs.

A group of three songs by Mrs. Carl E. Behr were immensely appreciated by the banqueters. Mrs. George Hogsett played the piano accompaniment. Her melodious voice expressing great pathos. Two numbers by Miss Lavienna Compton, "Old Glory" and "Down to The Capital," by James Whitcomb Riley, struck a responsive chord in the ex-service men and they applauded loud and long until Miss Compton came back for another short reading in negro dialect.

Other music numbers on the program were a violin solo by Ed Sentman and a cornet solo by Master Robert Newbold. Miss Virginia Lucas was at the piano for both selections.

State Adjutant Henley briefly outlined what the state department of the American Legion had been doing, pointing out that its first ideal had been to help the disabled veterans.

"This is the kind of thing you do not see in the newspapers," he said "because much of it can not be published. All you read about is the bonus and people have the idea that is all the legion has been doing."

Mr. Henley told of the penal institutions survey that had been conducted by the Legion and said that in the past 14 years, 40 ex-service men had been removed from penal institutions for treatment in hospitals. He also pointed to the Legion's active stand for investigation of the soldiers' homes.

"The Legion is now up against the biggest job it ever had," he declared. "We won a wonderful victory in the passage of the adjusted compensation law, and it is up to us to carry it out."

The state adjutant explained that the only cash feature of the law is for the man who served no more than 110 days. He receives cash at the rate of \$1 a day for home service, and the bonus of \$60 which he received is deducted.

All serving more than 110 days will receive endowment insurance, based on the term of service. Home service is figured at \$1 a day and overseas service at \$1.25 a day, Mr. Henley said.

"The Legion is the only organization to handle the bonus," he continued. "Every post will be expected to appoint a committee to explain the bill to all ex-service men, and I plead with you to rally around your local post, get behind your commander and help the post put over this big work."

Mr. Henley stated that the posts would charge no fee for the service and expressed the hope that every ex-service man would show his loyalty by joining the post.

"I am pleased to learn," he said in closing, "that your membership has been doubled during the last year, and I hope that you may be able to double it again before the state convention at Evansville in August."

Commander Kiplinger announced that Rush post would not make any charge for filling out the bonus affidavits, but stated that members of the post would come first. In this connection, he said that every ex-service man had a standing invitation to join the legion.

Lumbago Leaves

Chiropractic Health Talk No. 67
By H. V. McCully, D. C., Ph. C.

Lumbago is a form of rheumatism locally confined to the lumbar region of the spine, or in plain language—the small of the back. Because of its locality it is sometimes confused with gall stones or rheumatism.

There will be severe pains in the small of the back extending to the hip. Frequently the condition is such that the sufferer is confined to bed. The underlying cause is lack of elimination, due to interrupted transmission of vital energy.

By my Chiropractic Health Method this interference is located and removed. Proper elimination ensues, and when the accumulated poisonous waste has naturally been drained from the system, health follows:

GONE

"After treating me for rheumatism and gall stones my local doctor admitted his failure to diagnose my case properly. I suffered severe pains in the small of my back and right hip joint. Was laid up entirely and in bed for two months. Finally, upon advice of a friend, I tried Chiropractic adjustments. The third adjustment convinced me I was on the right track, and after taking forty adjustments I consider myself cured. Certainly this is a great boon to mankind." — Claude A. Ratell, Chiropractic Research Bureau, Statement No. 2022-B.

FOREIGN GRAVES TO BE DECORATED

Flowers will be Placed on Last Resting Place of American Soldiers Buried in Europe Memorial Day

NEW FLAG WILL MARK IT

There are 29,503 American War Graves in France, 364 in Belgium and 56 in England

(By United Press)

Paris, May 29—The grave of every American soldier and sailor buried in foreign soil will be decorated with a wreath on Memorial Day, and a new flag will mark it. The arrangements are being made by the Overseas Memorial Day association, Dr. Edmund L. Gros, president, and financed by funds raised last year by the association through the American Legion in the United States.

Large wreaths will be placed at the cenotaphs of all cemeteries and a special ceremony will be held at the tomb of the Unknown Soldier, under the Arc de Triomphe.

The Paris Post of the American Legion will send delegates in uniform to all the cemeteries in France, and the London Post of the Legion will have charge of decorating the graves in England and Ireland.

At Suresnes, the cemetery nearest Paris, the memorial service will be conducted by Ambassador Myron T. Herrick and prominent American and French speakers will pay tribute to the memory of the fallen heroes.

There are 29,503 American war graves in France, 364 in Belgium and 56 in England, three in Ireland and one grave in Gibraltar. Not even the isolated soil in Gibraltar will be missed.

The graves in France will be decorated with French as well as American flags and French cemeteries adjoining the American will be similarly distinguished.

The largest American cemetery in France is at Romagne which has 13,962 graves. There are 5,929 at Fere en Tardenois, 4,121 at Thimécourt, 2,185 at Belem Wood, 1,720 at Bony, 1,502 at Suresnes, and 89 scattered in the country. The American dead in Belgium are in the military cemetery at Waereghem.

The Belleau Wood Association will this year take a part in the Memorial services to be held at the celebrated battlefield which is now a national park.

The decorating committee expects many visitors at the various cemeteries this Memorial Day, because of the large number of Americans now travelling in France, and all have been invited to assist at the services. The Graves Registration workers have been busy with the lawns and flowers and the cemeteries are reported in excellent condition, under the spring sunshine.

The children are being trained at the M. E. church for children's day. The exercises will be held Sunday night at the church.

Mr. and Mrs. Elmer Hatcherson and daughter have returned home from a visit in Iowa.

The services at the Christian church Sunday night will not be held, in order to give the people the opportunity to attend the children's exercises at the M. E. church.

PLAN TO DRILL FOR OIL

Delphi People Organize to Sink a Well Near Their City

Delphi, Ind., May 29—Delphi business men and Carroll county farmers have formed a corporation to drill for gas and oil on land adjacent to Delphi. The firm is capitalized at \$10,000.00.

Revival of interest in oil in this section of the state has been marked by much activity during the past few months. Drilling is in progress in several parts of Cass county which adjoins Carroll.

The wells are being sunk at Royal Center and Laceren, the latter drilling, now progressing through a bed of solid rock, which geologists declare, indicates the presence of oil.

In the days of natural gas this field was worked extensively, the gas being shipped to Chicago.

WYATT'S CEDAR CHEST WEEK

Featuring the celebrated LANE cedar chest

*brings the greatest values at the
lowest prices we've ever seen*

HERE is news that's going to interest women more than any bargain announcement made in this locality for some time. Tremendous price-concessions quoted by the manufacturer especially for LANE Cedar Chest Week are being passed on to you with the barest profit to us. Ordinarily, we couldn't come within dollars of touching the remarkably low figures you'll find here. Remember, too, that every chest in this sale is a first quality, latest style, genuine red cedar LANE.

Any one of them would make a mighty timely and appropriate gift for the June bride or girl graduate. This is a suggestion and an opportunity for younger men as well as fathers and mothers. Now is the time also to store winter furs and woolens. The LANE, being moth-proof, dust-proof and damp-proof, provides absolute security for generations. In addition, from among the many beautiful patterns and styles, in all-cedar or cedar finished with mahogany and walnut, you can select one that will harmonize with your furniture and add beauty to your room.

Every woman wants a cedar chest
Now is the time to get yours
Just look at the bargains here!

\$11.95

40" long, 18" wide, 17" deep

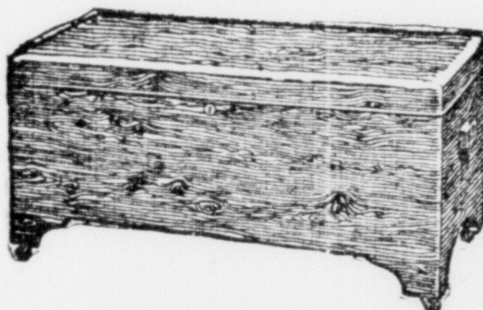

Look at the price we have put on this genuine red cedar chest, beautifully trimmed with cedar and copper. It is so low you will want to buy two—but to give all an equal opportunity we are forced to limit the sale of this chest to one to a customer as long as the pattern lasts. The cost of one moth-eaten garment might more than pay for this chest.

\$17.75

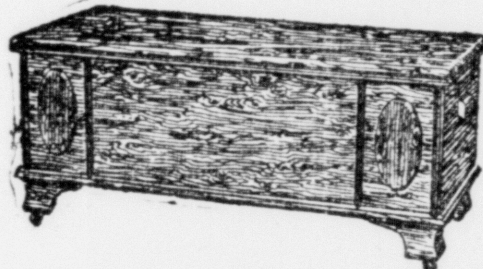

48" long, 19" wide, 18" deep

This is a full 48" chest—big, roomy and ideal for storage purposes. The finely cedar-decorated front is particularly handsome. This chest, cushioned, will make an attractive window seat, or dressing lounge for the foot of the bed. Only one of this pattern (as long as it lasts) will be sold to a customer at this remarkable price.

\$29.75

No. 48300—45" long, 19 1/2" wide, 20 1/2" deep. This is an attractive, round corner, trunk lid pattern, one of the most popular chests on our floor.

\$24.75

No. 48130—45" long, 20" wide, 21" deep. This is finely decorated with cedar panels—an ideal piece of furniture for the bedroom or up-stairs hall.

\$32.75

No. 48506—48" long, 20" wide, 22" deep. This is in the desirable Queen Anne design. It is a beautifully decorated chest and, like every LANE, positively moth-proof, dust-proof, damp-proof.

Our easy payment terms will apply during this sale

Come in and see these LANE Cedar Chests this week. Note the many beautiful designs and how carefully they are made—the interlocked corners, the sturdy legs that are screwed on in-

stead of being nailed, the double plated hardware and Yale lock, and the other evidences of fine workmanship that have made the LANE the foremost cedar chest. All are guaranteed.

Crippled by Corns? Use "Gets-It"

World's
Greatest
Corn
Remover

It's just wonderful how "Gets-It" ends corns and callouses. Put a few drops of "Gets-It" on a hurting corn and presto! The pain stops at once forever. No matter how long you've had corns, how bad they may be, whether hard or soft, or what you have tried, believe this—"Gets-It" will end corn pain at once, soon you can lift the corn right off with the Angers. Money back guarantee. Costs but a trifle—sold everywhere. E. Lawrence & Co., Chicago.

"Radio Gradio"

The hurdy-gurdy, for generations the curbstome favorite of children, threatens to pass. Enters the radio-gradio, or whatever they will name the latest variation of organ grinding. Oh yes, the inevitable "monk" will still be there to attract the youngsters.

WEED SURVEY IS MADE IN INDIANA

Purdue Expert Completes Survey of 71 Counties, and Finds Noxious Weeds in All Places

CANADA THISTLE WORST

Species is Found in 38 Counties With Closest Rival Being White Top in 32 Counties

Lafayette, Ind., May 29—Results of a weed survey in 71 Indiana counties have been compiled by Prof. Albert A. Hansen, of the Purdue University Agricultural Experiment station, and published by the Indiana Academy of Science.

The distribution of the noxious weeds of the state is shown graphically by means of a map. Canadian thistle is listed as the worst weed in 38 counties and the second worst weed in 26 other counties.

The closest rival to the dreaded thistle is white top, reported to be the worst weed in 32 counties and second in importance in four counties.

Third place goes to wild garlic, worst in 21 counties and second in 16 counties, followed by buckhorn, wild morning glory, red sorrel, bull nettle, wild carrot, cocklebur, ragweed, quick grass, dodder, wild mustard, foxtail, daisy, cockle, smartweed, crabgrass, bindweed, sandbar, dock, wild sweet potato, flower-of-an-hour, bracted plantain, cheat, trumpet creeper, wild onion, wild parsnip, common plantain, sour grass, butter print, pigweed, and ironweed, in the order named.

Fifteen additional species are included among the important miscellaneous weeds, including Russian thistle, wild corn, wild cucumber, broom sedge, burdock and chickweed. The most important poisonous plants reported in the survey are white snakeroot and water hemlock.

The results of the weed survey, as announced by the Academy of Science, are being used as a basis of the weed work that is being conducted by the Agricultural extension department of Purdue University.

"My Rheumatism is gone—"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Today I have the strength I used to have years ago! I don't use my crutches any more." S. S. S. makes people talk about themselves the way it builds up their strength. Start S. S. TO BE HELD AT CAMP KNOX

Indianapolis, Ind., May 29—To promote efficiency among the officers, and expedite training at the summer camps of the Indiana National Guard series of instruction camps for officers and specially selected enlisted men are being held in various cities of the state this month.

The summer camps of the Indiana units this year will be held at Camp Knox, Kentucky, and for the air service men at Wilbur Wright Field, Ohio. They will be held late in August.

The 150 Field artillery will mobilize at Camp Knox, for two weeks on August 10, for at a two weeks

New Treatment for Varicose or Swollen Veins

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal. It is guaranteed.

So marvelously powerful is Emerald Oil that enlarged glands, wens and even goitre disappear when used steadily.

MOVIES

Guy Bates Post Starred

Carried from poverty to affluence overnight by one of the strangest freaks of fortune is the fate that overtakes John Loder, one of the two characters played by Guy Bates Post in the screen version of "The Masquerader," the First National attraction now showing at the Castle theatre. The fantasy of fate is emphasized by the fact that this quick transition is accomplished, not by superhuman efforts that would appear ridiculous or exceptional, but by a twist of coincidence that is startling but withal logical.

To make such a role sympathetic requires unaffected acting, and the star, who has played the part on the speaking stage more than three thousand times, has cultivated the simplicity of manner, artistry of bearing and poise to give it the dignified strength such a story demands. It is unusual to record that, realizing the tremendous possibilities of the screen, Mr. Post has waited three years before entering this field, in order to perfect himself in its technique and requirements. "The Mas-

querader" is the first picture he has appeared in and it stands as a sample of what he has learned by prolonged training and study.

Pola Negri at Princess

Heralded as her greatest picture, Pola Negri's second Paramount star production, "The Cheat," produced by George Fitzmaurice and featuring Jack Holt, which Charles de Roche in support, was shown for the first time at the Princess theatre last evening. It is an absorbing screen drama with a highly satisfactory climax and a role that presents this famous star in a most delightful manner.

Most of the action takes place at a Long Island society resort. Miss Negri appears as Carmelita de Cordoba, a South American heiress who falls in love with a New York broker (Jack Holt.) They elope in Paris and coming to New York, a series of highly dramatic episodes occur in which the young wife finds herself sorely pressed for funds. As a last resort she accepts the aid of a bogus East Indian Prince who loves her madly. A happy ending brings the picture to a novel close—an unusually gripping court room scene constituting the climax, the equal of which seldom has been seen on the screen.

This is the type of picture that the public has been clamoring for. Nothing has been left undone—it is a veritable triumph for both star and producer. Nor must the splendid work done by Jack Holt and Charles de Roche be overlooked. Beautiful women, gorgeous gowns, sumptuous settings, a tremendous story and acting to the nth degree, all combine to make "The Cheat" the picture of the current season.

LIMESTONE REPORT FOR YEAR IS MADE

State Geologist Says 1½ Million Cubic Feet Was Produced in Bloomington-Bedford Area

INCREASE OVER LAST YEAR

Indianapolis, Ind May 29—Eleven and one half million cubic feet of limestone was produced in the Bloomington-Bedford limestone district in 1923, according to a report by Dr. W. N. Logan State geologist, made public today.

This was 35 percent, in excess of the previous year's production, Dr. Logan said. Indications are favorable to a continued large production in Indiana limestone which is used in many industries, according to Dr. Logan. It is one of the preferred materials for facing office buildings, and permanent buildings of all kinds. Among buildings in which Indiana limestone has been used, is the Massachusetts Institute of Technology, Cambridge, Mass.

Beside its general use in the construction of buildings, limestone is used in piers, dams, flagging and in paving. It is used in the manufacture of glass. Ground limestone aids the farmer in correcting the acidity of his soils. In the hard surfacing of roads, it is used as broken rock and as a constituent of concrete which is also extensively used in the construction of bridges.

Indiana has vast deposits of this necessary natural resource and its development is providing employment at splendid wages to many thousands of persons, Dr. Logan declared.

To Defense of Laundrymen

Indianapolis, Ind., May 29—The age old joke about the laundryman giving a saw tooth edge to a fellow's collar was exploded by Wilson Godfrey, laundryman.

"The truth about that saw tooth edge is that the collar is ripped to pieces along the edge by a gentleman's beard long before it reaches the laundry," he said.

"All the laundryman does is to stiffen the threadbare edge in starching. The collar has to be starched, so why blame the laundryman? Blame the barber—or the man himself," Godfrey says.

VETERANS FALL IN AND RELISH FEED

Respond to Command With More
Alertness Than 6 Years Ago; At
War Mothers Banquet

171 EX-SERVICE MEN ATTEND

Commander J. H. Kiplinger Presides
and Rushville Entertainers Give
Liberal of Talent

When Mike McCoy, former sergeant of Company B, shouted "Fall in for mess," 171 former service men of Rush county answered the command with more relish than they did six years ago, at the banquet given by the Rush county chapter of War Mothers, at the Social club rooms Wednesday night.

They "fell in" and "fell to" just as fast as the good home cooking of the War Mothers was served to them, and along about eleven o'clock, when the speech-making and the entertainment had been finished, they gave a resounding cheer for those who had made the feast possible.

The banquet was promoted by Rush Post 150 of the American Legion, of this city, and Mrs. John Huntington of Bloomington, Indiana War Mother, was a guest of honor and spoke briefly.

John H. Kiplinger, commander of Rush Post, presides during the after-dinner speeches, and Rushville entertainers gave liberally of their talents for the entertainment of the World War veterans.

Frank Henley of Indianapolis, state adjutant of the Legion, gave a brief explanation of the bonus law; Raymond Springer of Connersville, the first state commander of the Legion; Lieut. Booth of the Citizens Military Training Camp Association spoke in behalf of citizen training; Robert E. Mansfield of this city told a group of funny stories that had the "buddies" all laughing, and Phil Stapp, formerly of Greensburg and a member of old Company B, who was an unexpected visitor, told what the Legion had done in "putting over the bonus."

"I want to welcome here tonight in behalf of Rush post 150 every ex-service man who is not a member of the American Legion," Commander Kiplinger said. "We are glad because you responded so well. In behalf of the War Mothers, I also want to welcome you, because we are indebted to them for the food that we have enjoyed. This is only another evidence of what the War Mothers can and will do."

He introduced Mrs. Huntington, who extended a hearty welcome to the war veterans in behalf of the Continued on Page Six

SEES CO-OPERATION, SERVICE ESSENTIAL

E. H. Lyle of Sheldon School Addresses Kiwanis Club On Backgrounds of Progressive Business

LT. BOOTH SPEAKS FOR CAMP

E. H. Lyle of Indianapolis, Indiana director of the Sheldon School, addressed the Kiwanis club today noon at the Social club on the subject, "Some Backgrounds for Progressively Profitable Business."

Lieut. Booth of the United States Army also spoke briefly to the club, urging support of the citizens military training camp at Camp Knox, Ky. in July. Rush county's quota is ten young men between the ages of 16 and 25 years, and so far only one man has made application for admission to the camp.

Mr. Lyle said that giving service and co-operation are the two essential elements in any successful business enterprise. Performing a service for the customer establishes the proper contact and inspires confidence, which is necessary.

Mr. Lyle declared that co-operation is by-product something that can't be bought or acquired in any way except through example. The head of any business establishment need not expect co-operation from those under him unless he himself shows co-operation, Mr. Lyle stated.

FLORENCE SHUBINSKI DIES

Daughter of Mrs. Omer Gartin Expires at Home Here Today

Miss Florence M. Shubinski, age 20 years, daughter of Mrs. Omer Gartin, died this morning about seven o'clock at the family home, 902 North Main street after an illness of several months with tuberculosis of the bowels.

The deceased was taken ill about the first of the year, and underwent an operation for appendicitis which disclosed the fact that she was suffering with tubercular trouble. Her condition in the past few weeks had been serious.

She is survived by her mother, and step-father, and her grandmother, Mrs. Boone Gibson, living north of Rushville.

Services will be held Sunday afternoon at three o'clock at the late resident in charge of the Rev. W. A. Young, and burial will be made in East Hill cemetery.

BIBLE SCHOOL TO BEGIN ON JUNE 9

Daily Vacation Bible School Will
Last For Five Weeks at First
Presbyterian Church

SESSIONS EACH MORNING

Teachers For the Various Departments
are Announced—No Tuition is Charged

The First Presbyterian church will conduct a Daily Vacation Bible School for five weeks this summer, beginning Monday June 9. This is the third summer Bible School this church has conducted. The sessions are held each morning from nine until eleven-thirty o'clock.

The object of the school is to teach the Bible to the children and to help cultivate in the lives of the children the spirit of worship and the right attitude, one toward another. Even the play and craft work is taught with the idea of helping the children to regard the rights of others in the Christian spirit.

Each day is begun with worship. A portion of the Bible is committed to memory each week and its meaning explained. The great hymns of the church are studied and memorized. Both the Christian flag and the American flag are used in the school daily, and the children are taught their meaning and respect for them. The church is fortunate in getting a list of teachers who have had experience and are well qualified for the work.

Miss Bertha Moore will have charge of the kindergarten work.

Miss Mae Meredith will have the primary department, with ages seven and eight.

Miss Helen Pierson will have the junior department, ages nine, ten and eleven.

Miss Margaret Herkless will have charge of the music and help with the junior department.

There is no tuition fee charged but usually persons interested in this work are glad to help make it possible. The teachers get a small commission. Continued on Page Three

JAPAN SENDS NOTE OFFERING PROTEST

Ambassador Will Present it to Department of State Today, Involving the Immigration Bill

CONTENTS UNKNOWN SO FAR

Washington, May 29—Japan's note making a "solemn protest" to the United States against the immigration law excluding Japan, arrived at the embassy here today.

Ambassador Hanihara will present to the state department probably today.

High American officials will anxiously await to learn the nature of the note which is expected to be worded in strong terms.

Before Secretary Hughes replies to it he will discuss with President Coolidge the serious situation that has developed in relations between the United States and Japan.

Dead and 50 Injured

PROPERTY LOSS IS HEAVY

Twister Swept Path Block Wide and
Five Blocks Long Through Residential District

Wetumka, Okla., May 29—Twelve known dead, more than fifty injured, several missing and property damage estimated at \$100,000, was the toll of the cyclones which scourged Southeastern Oklahoma last night.

Wetumka was hardest hit. The twister swept a path a block wide and five blocks long through the residential district. Ten were killed outright and forty injured. Fourteen of the most seriously injured were taken to hospitals at Kenyetta. The dead:

J. L. Ramsey
W. R. Armstrong, wife and baby.
H. A. Woodruff and wife.
Infant daughter of Edward Cole and three unidentified.

Two persons were killed and two injured at Warner, Okla.

The dead:
Wm. Winkelpeck, 43.
Madge Ward 14.
Wire communications throughout this section of the state were disrupted.

Red Cross representatives arrived today to help in caring for the injured and take the place of relief workers who labored throughout the night searching the debris for the victims.

Physicians from surrounding towns arrived during the night and conditions were orderly today with the national guard unit here and the American Legion in charge.

DENY THAT FORCE WAS USED

Indianapolis Detectives Testify in Loudon Murder Case

Shelbyville, Ind., May 29—Denial that force was used in obtaining a confession from Charles Henry, colored, accused of the murder of Patrolman Loudon in Indianapolis, was made today by Detectives Thomas and Landers in the trial of Henry.

They said Henry signed a confession without force in which he admitted shooting Loudon when he was trapped by the officers, as he was breaking into a drug store.

Henry claimed he was beaten and stricken by detectives.

MANY KILLED IN HEAVY EXPLOSION

Royal Families Of Rumania And
Greece Escape When Munitions
Magazines Blow up

CAPITOL UNDER FIRE

Shells and Artillery Explode When
Sparks From Switch Engine Cause
a Fire—Dead Unknown

Bucharest, May 29—Many persons were killed and injured and the royal families of Rumania and Greece barely escaped with their lives when munitions, magazines and artillery dumps near Bucharest blew up in a series of deafening explosions that continued throughout Wednesday.

The capital was under fire of a rain of bursting shells which scattered windows in every part of the city and which fell in the court yard of the royal palace. One shell exploded with terrific effect on the exact spot where King Ferdinand had just been standing a few seconds before.

Parliament adjourned as the intensity of the explosions increased. There was a panic in schools throughout the city and these were closed to permit the children to seek safety in their homes.

Sparks from a switch engine apparently started the conflagration, igniting a small arms ammunition magazine about two miles from the city. The first explosion was at 10 a. m., Wednesday.

The first dump to go was in the center of a larger one and flames spread rapidly, exploding a series of magazines.

The blasts kept up irregularly until 4 p. m., when the flames reached the artillery dumps.

Then began a series of deafening explosions and shells began to fall in every direction, some bursting near the royal palace. Parliament was in session but adjourned.

King Ferdinand and his war minister, General M. Madresco rushed to the scene of a fire started by one of the detonating shells. The general snatched the king back from a particularly dangerous spot and a few seconds later a shell, landing just where Ferdinand had been standing blew a large hole in the earth.

BARBER SHOPS TO CLOSE

The barber shops of Rushville will be closed all day tomorrow on account of the observance of Decoration Day.

RAINEY DRAWS A SENTENCE

Harry Rainey Pleads Guilty to
Charges and Gets 80 Days

Harry (Hip) Rainey, was arraigned this afternoon in police court before mayor Thomas on charges of intoxication and for assault and battery, following his arrest early Wednesday morning by police officers.

The defendant entered a plea of guilty to each charge and was fined \$5 and costs on the intoxication charge and \$25 and costs and given a 30 day sentence on the assault and battery charge. He went to jail upon default of payment of the fines which will total about 80 days at the state penal farm. The defendant was charged with assaulting police officers while they were attempting to arrest him.

Evidence on Petition of Spiceland
Phone Co., For Increased Rates

OWNER OF MAYS EXCHANGE

Company Shows That it Faces Deficit
Even With More Revenue—Flat
Rate For Mays Sought

Evidence submitted at the hearing on the petition of the Spiceland telephone company, owner of the Mays exchange, at Spiceland Wednesday, for authority to increase rates at Spiceland and Mays, was taken under advisement by Maurice Douglas of the public service commission, and a decision is not expected for ten days or two weeks.

It is brought out at the hearing that the company faces a deficit even if the rates sought are granted by the commission.

The new rates asked, are \$2.50 for all business phones, rural or town; and \$1.50 for all resident phones, rural or town. This is an increase of 50 cents a month over the present rate for business phones, 25 cents a month for rural residence phones and 15 cents a month for town residence phones.

It was brought out at the hearing that the Mays exchange was particularly unprofitable because it covers such a large territory for the number of subscribers. There are only one and two-thirds phones per wire mile, the evidence showed.

The petition asks for approval of a flat rate of \$1 a month for service between Mays and Rushville and asks that the toll charge of 5 cents with Newcastle be changed to 10 cents for station to station calls and 15 cents for person to person calls.

The company, it was brought out at the hearing has 530 subscribers at Spiceland and Mays.

It was brought out that the pro- Continued on Page Two

PLEA TO DECORATE

The American Legion post today issued another plea for residents of Rushville to enter into the spirit of Memorial Day and decorate their homes Friday. Merchants are also asked to display flags in front of their places of business.

In case the weather is inclement and will not permit the holding of exercises at East Hill cemetery Friday morning, the program will be carried out in the court house.

Everything is in readiness for the observance of Memorial Day in this city Friday, the program to begin with the parade to the East Hill Cemetery at nine o'clock and will close with a program in the Assembly room of the court house in the afternoon, given under the auspices of the patriotic organizations of the city.

The ladies of these different orders are urging people who have flowers to donate for the purpose of decorating the graves of war veterans, to please have them at the sheriff's office in the court house by eight o'clock Friday morning, as the flowers will have to be made in bouquets.

The parade in the morning will move to the cemetery at nine o'clock, and will consist of ex-service men, who are urged to wear their uniforms. G. A. R. veterans, disabled veterans of other wars and the women's patriotic organizations, and school children. The ladies will take charge of the children who participate in the parade and are requesting the parents to send them. Each child will be given a flag to carry.

A program will be given at the cemetery including the W. R. C. ritualistic services at the Soldiers' Monument at 9:15 o'clock. Col. Paul B. McNutt, ex-service man and head of the Indiana University Law department, will speak and J. H. Kiplinger, head of the Rush Post of the American Legion, will make a few introductory remarks. At 10:30 the W. R. C. ritualistic services at the water, followed by the American Legion services at the Legion Lot and the decoration of graves, will conclude the morning program.

In the afternoon the program be- Continued on Page Three

LOCAL COMMANDERY HOLDS CELEBRATION

Winning of First Place in Biennial
Inspection Subject of Talks Following Banquet

RICHMOND UNABLE TO COME

About ninety members of Rushville commandery No. 49, Knights Templar, celebrated their winning of first place in the biennial inspection last year, which was announced at the grand commandery meeting in Fort Wayne two weeks ago, with a banquet and degree work at the Masonic Temple Wednesday evening.

The Richmond commandery, which was second in the ranking on inspection, was invited to send its degree team to assist in the celebration, but was unable to do so.

Harry Wyatt, commander, presided at the short program following the banquet, and Hugh E. Mauzy, past commander, complimented the degree team and the commandery for its showing. He pointed out that it was some distinction for Rushville and one that should be appreciated.

Judge Will M. Sparks responded on behalf of the team and short talks were made by Clall Maple of Muncie and Ed Folsom of Indianapolis, both former residents of Rushville and members of Rushville commandery. Mr. Maple's little son Jimmie also made a talk.

posed rates would give the company an increase in revenue of \$1,400 a year. Based on a fair return on the company's valuation of the property.

The increase in revenue would be \$1,900 but the company, it was contended, is not seeking this figure.

The book value of the company was given as \$32,133.59, with a deficit amounting to \$5,339.75. The public service commission placed a value on the property at \$27,006.13.

Testimony of company officials showed that the first three months of this year the company suffered a loss through storm damage and based on this rate of deficit, the loss for the year would be \$1,900.

The testimony showed that in 1920 the company was granted an increase in rates and when patrons threatened to discontinue the service if the rates were put in effect, the company compromised and cancelled all of the authorized rates except to business houses. It was contended at the hearing that the rates now sought are not as high as those granted by the commission at that time. In 1922 the company paid the first and only dividend in nine years this amounting to \$964.94 and on the present investment to company is not getting sufficient revenue to pay expenses and has no funds to make extensions and improvements.

The few subscribers who testified generally stated the service was good. Some intimated they had their minds "made up" and would discontinue the service if the rates are increased.

Giving and getting:—Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again. Luke 6:38.

Prayer:—Our Father, thou hast made us all of one blood created in thine own image. May we show our kinship to thee by our generosity to our fellows.

A Service Organization

As another Memorial Day, with its many memories comes again, we see the American Legion, a vibrant and militant organization, taking the lead in keeping alive the traditions of America and doing more than its part in endeavoring to stir emotions that breed patriotism and a true conception of what our country means.

The Legion is composed of men who fought for their nation's honor during the hour of its greatest peril in all of its proud history. They have made their sacrifice, and they are willing to continue in rendering service by assuming the leadership in the observance of Memorial Day.

The part they ask of those who were not called upon to fight during the World War, is small indeed, compared with the trying experiences through which they passed. They ask only that everyone join with them in paying some mark of respect to the honored men who lie in East Hill and in other cemeteries of the country.

Their simple request is that we give up a half of the day, that is usually devoted to pleasure, in turning our thought to the deeds of those who lie in hero's graves. The co-operation they seek is so insignificant, that surely no one can deny it, if it is humanly possible to lend your presence on the occasion of the formal observance of Memorial Day.

The American Legion is a service organization, as has been demonstrated time without number. It has worked valiantly for the disabled veteran and now it proposes to shoulder the responsibility for the administration of the new bonus law, so that every ex-service man may take advantage of the government adjusted compensation.

The Legion will make it possible for every former soldier to make formal application for benefits under the law without a cent of expense to himself. It will eliminate the possibility of any unfair advantage being taken of the ex-service man for financial gain.

The American Legion deserves the united support of all good Americans

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An Indiana physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and they had to use instruments, but with my last two children I used 'Mother's Friend' and had no nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." "Use 'Mother's Friend' as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B-75, Atlanta, Ga. for free illustrated book containing information your mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

in its efforts to see that the men who fought get fair treatment.

The Legion has succeeded in untangling some of the red tape that has surrounded the work among the disabled soldiers, and with the proper backing, it will undoubtedly perform equally as great a service in helping to put into effect the provisions of the adjusted compensation measure.

Good News For Europe

"Europe is at work. The spirit of the people has changed. There is renewed vitality and hope. Real leadership is being shown by rules and governments. There are more signs of improvement than at any time since the war."

This is a summary of the statement issued to the religious press of the country by Dr. John R. Mott, who has just returned from an extended trip in Europe, Northern Africa and Western Asia. Dr. Mott made the trip as chairman of the International Missionary council.

This is the best and most cheering news that has been brought back from Europe for more than ten years. It is to be hoped that the gentlemen quoted didn't look through smoked glasses. It really seems too good to be true, if Europe has really settled down and gone to work.

There is a possibility that Charles Dawes made such a fine impression over there that the people decided his example would be a very good one to try, having put every other imaginable plan to the test.

Who knows, we may wake up one fine morning and learn that some European country has paid the interest on its war debt?

Strange things have happened—one of them might actually get the idea that the United States is entitled to some consideration for financing the war and make a small down payment.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—No more difficult problem will be faced by William M. Butler, campaign manager for President Coolidge, than that of "selling" the Coolidge candidacy to William Edgar Borah of Idaho.

Borah has been the first choice of Butler and the Coolidge clan for the honor of placing "Cautious Cal" in nomination at the Cleveland convention.

But Cal in his warier days was never more cautious than Borah has been in considering whether or not to accept said honor.

Borah's personal preference is, in this campaign as in most matters he undertakes, to play a lone hand. He is up for re-election himself this year, and it is a question whether his own position in Idaho will be helped or hurt by too close an affiliation with the Coolidge campaign.

Borah's strength in his home state has been his progressivism. The chief claim for Coolidge support, however, is on the ground of the president's caution and conservatism. While the two could be mixed to Coolidge's advantage, nationally, the combination might cause colic and convulsions if applied locally in Idaho.

It is the advantage that would result from an open and sweeping endorsement of Coolidge by Borah that has been sought in the effort to persuade Borah to make the nominating address.

This would serve two purposes. It would incline favorably to Coolidge a large progressive following which would accept Borah's estimate of the man and his abilities as their own estimate.

And, having committed himself to the Coolidge candidacy by placing him in nomination, Borah would be compelled to ride the range peaceably with the organiza-

tion outfit during the entire campaign.

A LESS important factor, but one that also has had its part in the negotiations, is that Borah's speech would be one that would get across not merely to the convention but to the country.

Borah's speeches are "good copy." Next to the original "T. R.," no man recently in public life has had the knack of expressing himself so aptly as to catch the newspaper headlines as has Borah. His speeches are picturesque and full of "punch."

His voice, too, is powerful and with a carrying quality that can reach the most remote corner even of Cleveland's great auditorium.

NEXT to Borah, consideration of the nominating speaker has centered chiefly around Albert J. Beveridge, of Indiana.

Beveridge, too, carries some of the aura of a progressive, through his adherence to Roosevelt in 1912. He is, also, a good orator. He has perhaps greater eloquence, but less force, than Borah.

But Indiana Republican politics are so scrambled this year that the advantage to the Coolidge cause through Beveridge would be much less than through Borah. With a triangular intra-state battle being between the Watson-New-Borah factions of the G. O. P., the Hoosier orator might cost Cal even the small chance he now has of carrying that state.

THIRD in the list comes the

loudest speaker of them all—Senator Frank B. Willis, of Ohio.

No amplifier is needed when Willis speaks. His speeches nominating Theodore E. Burton, in 1916, and Warren G. Harding in 1920, have never been surpassed in point of volume and audibility.

He will nominate Coolidge, if desired. Or he will accept a vice-presidential nomination if offered. Either way, Willis is willing!

JOINT CONVENTION CLOSES

Election of Officers by Bar Association This Afternoon

Terre Haute, Ind., May 29—With the election of officers scheduled for this afternoon, the joint convention of Illinois and Indiana bar association will be brought to a close following a three day session.

Having disposed of all business possible Wednesday the two associations today met separately to hear reports of their respective officers and committeemen.

Scout Notes

Troop No. 4 had an election of officers Tuesday night as follows: Senior patrol leader, Herman Hilligoss; troop scribe Kenneth Plunkett.

Buffalo Patrol: Robert Stewart, patrol leader; Frank Moore, assistant patrol leader. Members, Robert Kinnear, Oren Seawright, Scott Hosier, Gale Hinchman, Mac Hobbs, Kenneth Plunkett.

Panther Patrol: Walter Keaton, patrol leader; Grafton Dishinger, assistant patrol leader. Members, George C. Wyatt, Fred Hubbard, Thomas McManus, Richard Ball, Lewis Thomas and George King.

All scouts are requested to meet at the court house at 10 a. m. Saturday to have a group picture taken. Work should keep no boy away as it will only take ten minutes to take the picture. All boys who belong to the organization up to June 1, should be in this picture.

Remember to be at the court house at 8:45 Friday morning in order to help the American Legion make a success of their Memorial Day celebration.

Troop 2 enjoyed a birthday party at the home of Hal Eugene Green Wednesday evening. (Notes furnished by Kenneth Plunkett, Troop 4 scribe).

Rev. Joshua Stansfield of Indianapolis delivered the commencement address at Carthage Thursday night and Wagoner's orchestra of this city furnished the music. Following is a list of the graduates, Galem Boring, John Bentley, Virgil Binford, Wilma Bundy, Elsie Chappel, Lindlay Clark, Lora Coffin, Paul Fall, John Gates, Mabel Jone, Edward Leonard, Walter Phelps, Lawrence Scott, Frederick Sohn and Russell Winslow.

Memorial Day will be duly observed here next Monday. In the morning the old soldiers will convene in the sheriff's office and march to East Hill cemetery, leaving the square about nine o'clock. Memorial services will be held in St. Paul's M. E. Church Sunday morning at 10:30 o'clock when Dr. V. W. Tevis will preach a sermon in keeping with the occasion.

The baccalaureate service tomorrow night at the Main Street Christian church promises to be one of the most beautiful and impressive services ever held in this city. The class, the largest in the history of the school, is composed of excellent young men and young women in whom community is interested. Rev. R. B. Abberley will deliver the sermon.

Unless the local officers or members of the Rushville Gun Club take the initiative some one in this city is going to be injured by a wild and ferocious owl in this city. The owl lives in a big tree near Capt. J. B. Reeve's home in North Main street. Last night B. F. Miller was attacked by the bird while he was returning from the Christian church banquet. His wife was with him and suffered a fright also. The owl made two bold dashes at Mr. Miller, the second time striking him on the hat. John Tisworth told a story of how the owl struck him one night. Carl Nipp also related his experience with the bird. John Kiplinger was also a victim. Roy Harrold told how he was frightened out of a year's growth when the owl got fly with him. George Monjar and George Daniels had a thrilling time with the bird before they knew what it was.

Dr. Harry Holmes, head of the department of chemistry of Earlham college will be here the first of next week to address the high school and will be the guests of T. A. Craig in North Harrison who was a classmate of his in Westminster college in Ohio.

Prof. Scholl's Sunday school class and Wilking Workers met with Mrs. Sarah Ball in North Jackson street yesterday afternoon and a pleasant time was enjoyed by all. They hope to increase the membership to fifty.

The home of James Cross near Arlington was struck by lightning during the severe rain storm Thursday night. The bolt struck the chimney and ran down to the flue and into the house. Catherine, the young daughter of Mr. and Mrs. Elmer Cross, who, with her mother, was visiting her, was severely shocked.

Never Before Have Prospects Been More Evident For Faster Speed in 500 Mile Race

JIMMY MURPHY HAS THE POLE

He and Milton and Joe Boyer Will Undoubtedly Set Pace in Opening Laps of Speedway Event

Indianapolis, Ind., May 29—The barrier for the start of the International 500-mile race at the Indianapolis Motor Speedway, Friday, has been set for springing promptly at 10 o'clock in the morning.

Never before have prospects for such a thrilling race, a large crowd and faster speed been more evident on the eve of a racing encounter.

Drivers, tried and worthy, are waiting the wave of the starter's red flag with a eagerness that is amazing. Many of the better cars to be pitted by favorite drivers are already under lock and key—ready for the start of the race. This is a new epoch in racing history, for heretofore it has been tradition that a racing car is never ready for a race.

The prediction of the wisecracks is that the record at 94.48 miles an hour for the 500 miles, established by Jimmy Murphy in his 1922 victory, will fall in this year's race.

Favored drivers are Jimmy Murphy, who has the pole in the start of the race, and who traveled faster than any other driver in the elimination trials. Tommy Milton, twice winner of the International classic and world's speed king, and Joe Boyer, Detroit millionaire, who speeds for thrills.

Murphy will drive a Miller Special, Milton also drives a Miller while Boyer will be at the wheel of a Duesenberg.

Murphy, Milton and Boyer undoubtedly will be the drivers who will set the pace in the opening laps of the race. If their cars stay together, as they expect them to, the record undoubtedly will be shattered and one of the three returned a winner.

Conservative drivers, who will lag at the start, remaining within striking distance of victory at all times and pilots to be reckoned with at the 400 mile mark are Eddie Hearne, Cliff Darrant, Bennett Hill and Harry Hartz.

A dark horse may loom in the big race—and there are plenty of them in this race to romp home first for lion's share of a purse that will approximate \$100,000. But experience counts in the 500-mile drive more than in any other racing classic.

It has every indication of being a great race—the best in history—and as usual, the best men and car will roll across the tape to a deserved victory.

Wheeler—Auto races are to be held at Fink's Motor Speedway near here Decoration Day.

Speedway, Track and Ring

By HENRY L. FARRELL (United Press Sports Editor)

New York, May 29—Three of the season's best and most interesting sport spectacles are to occupy attention over the week-end and usher in what should be the most crowded summer in the history of athletics.

The annual 500-mile automobile sweepstakes will be staged tomorrow in Indianapolis; the intercollegiate track and field championships will start tomorrow in the Harvard stadium and the Gibbons-Carpentier international light heavyweight match is to be staged Saturday at Michigan City, Indiana.

The three events are of world-wide interest and importance. The Indianapolis automobile race is the oldest, richest and most important event of its kind in the world. The intercollegiate track and field championships carry the most prestige of any collegiate athletics in the world and the Gibbons-Carpentier contest will bring together two of the most skilful boxers in the world.

For three years the far west, represented by the University of California has reigned supreme on the intercollegiate track and field. For three years the best athletes in the east have failed against a small squad of California athletes, whose victory was scored almost by a few great field stars.

Three Pacific Coast teams are entered in the championships this year

Carpentier and Gibbons Trained to Their Best and Balance of Program is Announced

By JAMES T. KOLBERT (U. P. Staff Correspondent)

Michigan City, Ind., May 29—In two days Georges Carpentier and Tommy Gibbons meet here in their ten round bout and the experts and the betting fraternity are still wondering which scraper to entrust with their predictions and money.

A surprising change in sentiment in favor of Carpentier has developed during the past few days. Heretofore sentiment was overwhelmingly in Gibbons' favor. This was due to a number of reasons, chief among them being the memory of his standing off Jackson Dempsey for the full 15 rounds at Shelby Montana while Carpentier fell in four rounds; the fact that he is a superb boxer; is always trained to a fighting edge, and because he was on display here long before Carpentier arrived.

Now the experts are weighing Carpentier's brilliancy as a boxer, quick thinker and famed "leaping right" sleep producer against Gibbons' masterly boxing, methodical mind and what they term "rather light punching ability." They point out that Carpentier socked Dempsey dizzy before going down while Gibbons failed to show anything near as strong in his fight with the champion.

There is little betting and that is at even money. Carpentier gave a private exhibition for the newspapermen yesterday afternoon and if surface appearances

and the hope of the east is slimmer than it had been during those three years.

With the weakest team it has had in years, the University of California may not and probably will not win, but there are excellent chances that the Pacific Coast will finish one-two in the championship.

Stanford University will start as the heavy favorite with the University of Southern California as second choice. There seems to be in the east not a single team with enough distributed strength to finish better than third.

The intercollegiate will be of far more importance and they will warrant more attention than the meet would draw under ordinary circumstances. It is the first meet in which a large number of candidates for the American Olympic team are to be put to the test.

Practically all of the Olympic coaches will be on the field to look over the athletes from whom are to be selected many members of the team that the United States will send to Paris. College athletes were represented largely on the team that went to Antwerp in 1920 and perhaps 50 percent of the team this year will consist of college men and athletes who are only a short time out of college.

On the fast Harvard track it is possible that near to record time may be scored in many of the track events. In the field several records are expected to be lowered, especially in the weight events, where three of the greatest young shot-putters will be forced to the limit to win.

count for anything, he is in the best shape of his career. He seems heavier, stronger, and more confident than when he met Dempsey.

Gibbons also went through a strenuous workout in which he appears to be at top form. Gibbons is supremely confident. He has been working steadily, cheerfully and predicts he will win by a knockout.

Joe Coffey, president of the company handling the fight, announced that due to the misunderstanding of the time of the fight, there will be an unadvertised series of four round bouts, starting at 2 o'clock standard time. The advertised bouts will start at 3 o'clock standard time. This should bring Carpentier and Gibbons into the ring about 4:30.

The "advertised program" follows: "Farmer Joe" Cooper, Southern Illinois and Jack Kane, Chicago, 130 pounders, four rounds;

Charlie Van and Jack McDonald, Chicago, heavyweights, four rounds. Alex Trambitas, California and Patsy Rocco, Chicago, 147 pounds, six rounds.

Frankie Garcia, Memphis, and George Butsch, St. Louis, 126 pounds eight rounds.

Gibbons and Carpentier are to follow Garcia and Butsch, Sammy Mandell, Rockford, Ill., and Paul Frisch, French lightweight, are scheduled to follow the main go in order to keep the whole crowd from stampeding for the exits at one time.

KEEPING ONE EYE ON THE SCOREBOARD

After winning the first game, the Yanks were dropped by the Senators 6 to 1 and they remained in a tie for first place.

Bumping Vance and Grimes hard in the pinches the Giants took a double header from the Robins at 6 to 5 and 4 to 2.

The Browns dropped the first game to the Tigers 4 to 3 and won the second 7 to 0.

Cooper and Lundgren were knocked out of the box and the Cubs beat the Pirates 9 to 6.

Behind Shante's good pitching the Indians won the first game from the White Sox 5 to 0 but they lost the second 13 to 6.

Sothern shut out Cincinnati 6 to 0 in the first game but the Cards lost the second 5 to 3.

Welch's homer in the ninth with one on gave the Athletics a 2 to 1 victory in the first game but the Red Sox took the second 1 to 0.

The Phils beat the Braves 4 to 1.

The COACH Exclusive to Hudson and Essex

Closed Car Comforts at Open Car Cost

The Coach costs but \$125 more than open models on either Hudson or Essex. The extra cost of closed models on other cars is from \$300 up, even on the lowest priced cars. More than 135,000 Coaches are in service. Sales exceed 3,000 every week. Everyone prefers a closed car. The Coach alone is the quality car within reach of all. No wonder the Coach on Hudson and Essex is the world's largest selling six-cylinder closed car.

The price you want to pay will decide you for Hudson or Essex. The closed car advantages of the Coach and its price surely leave no other consideration.

WILL U. S. ATHLETES SHY AT THE WINE?

Paris, May 29—The first temptation for Olympic athletes in Paris is the so-called "wine of honor", a flowing goblet of champagne, offered by the official reception department of the Olympic Committee.

The idea is to brighten the greeting and make the muscular guests feel at home. Wine is not denied French athletes in their training, but what can Coach Robertson do when the bubbling bottle (or bottles) is broken in honor of the Americans. Will it be diplomate for him to shun the honor and ask for water? And if he doesn't, what of his training rules?

But perhaps the committee members will be tolerant. They are kept hustling greeting the many different groups that arrive daily, and some days they feel that enough is enough, however good the champagne.

V. SIPE IS PAROLED BY PRISON TRUSTEES

Former Clerk of Marion County Serves Minimum Term For Embezzlement and Gets Liberty

NOW ON RUSH COUNTY FARM

Indianapolis, Ind., May 29—Richard V. Sipe, ex-clerk of Marion county, who was sentenced to the state prison on a charge of embezzlement, has been paroled by the board of trustees of the institution. It was learned yesterday. Sipe, it was said, had served the minimum part of a term of from two to fourteen years. He was sentenced in the Marion criminal court April 24, 1922. The parole was granted at the May meeting of board in Michigan City.

Sipe is now living on a farm in Rush county, it was said. Members of the prison board said Sipe's parole had been recommended by many officials and citizens of Marion county.

In addition to the sentence on the charge of embezzlement, Sipe received a sentence of from one to five years for conspiracy to embezzle. He also received a fine of \$7,000, which has not yet been paid, according to officials. The prison terms were to run concurrently.

number read by Miss Vera Reynolds, of the Sannabys, received deserved applause. Miss Leah Schatz played the piano accompaniments for the Sannabys.

A group of three songs by Mrs. Carl F. Beher were immensely appreciated by the banqueters, Mrs. George Hogsett played the piano accompaniment. Her melodious voice expressing great pathos. Two numbers by Miss Lavienna Compton, "Old Glory" and "Down to The Capital," by James Whitecomb Riley, struck a responsive chord in the ex-service men and they applauded loud and long until Miss Compton came back for another short reading in negro dialect.

Other music numbers on the program were a violin solo by Ed Sentman and a cornet solo by Master Robert Newbold. Miss Virginia Lucas was at the piano for both selections.

State Adjutant Henley briefly outlined what the state department of the American Legion had been doing, pointing out that its first ideal had been to help the disabled veterans.

"This is the kind of thing you do not see in the newspapers," he said "because much of it can not be published. All you read about is the bonus and people have the idea that is all the legion has been doing."

Mr. Henley told of the penal institutions survey that had been conducted by the Legion and said that in the past 12 years, 40 ex-service men had been removed from penal institutions for treatment in hospitals. He also pointed to the Legion's active stand for investigation of the soldiers' homes.

"The Legion is now up against the biggest job it ever had," he declared. "We won a wonderful victory in the passage of the adjusted compensation law, and it is up to us to carry it out."

The state adjutant explained that the only cash feature of the law is for the man who served no more than 110 days. He receives cash at the rate of \$1 a day for home service, and the bonus of \$60 which he received is deducted.

All serving more than 110 days will receive endowment insurance, based on the term of service. Home service is figured at \$1 a day and overseas service at \$1.25 a day, Mr. Henley said.

"The Legion is the only organization to handle the bonus," he continued. "Every post will be expected to appoint a committee to explain the bill to all ex-service men, and I plead with you to rally around your local post, get behind your commander and help the post put over this big work."

Mr. Henley stated that the posts would charge no fee for the service and expressed the hope that every ex-service man would show his loyalty by joining the post.

"I am pleased to learn," he said in closing, "that your membership has been doubled during the last year, and I hope that you may be able to double it again before the state convention at Evansville in August."

Commander Kiplinger announced that Rush post would not make any charge for filling out the bonus blanks and making out the proper affidavits, but stated that members of the post would come first. In this connection, he said that every ex-service man had a standing invitation to join the legion.

State War Mothers.

"The American War Mothers are always with you heart and soul," she continued. "You can depend upon them for hearty co-operation. I am glad to meet the War Mothers of Rush county. I believe they are making progress toward that goal which has lured us all on. The history of the Indiana War Mothers shows that they did their part nobly in supporting the war nationally and financially."

She pointed out that Indiana sent more than her quota of boys, that an Indiana boy fired the first shot in the war and that Indiana boy was the first American soldier to give his life.

"The Indiana War Mothers are proud of our boys," Mrs. Huntington said.

She declared that "We can't live alone," but that we "must look for and see opportunities to be of service." The Indiana War Mothers called on the Rush County War Mothers to see what the boys want and "let them know that a nation worth dying for in times of war is worth living for in times of peace."

The entertainment features of the program were very popular with the former soldiers, who applauded with great zest every reading, every vocal and every instrumental selection.

The Sannabys, an organization of high school girls, sang a number of songs in costume, Miss Lillian Wilkinson and Miss Margaret Guffin taking the leading parts. A patriotic

FOREIGN GRAVES TO BE DECORATED

Flowers will be Placed on Last Resting Place of American Soldiers Buried in Europe Memorial Day

NEW FLAG WILL MARK IT

There are 29,503 American War Graves in France, 364 in Belgium and 56 in England

(By United Press)

Paris, May 29—The grave of every American soldier and sailor buried in foreign soil will be decorated with a wreath on Memorial Day, and a new flag will mark it. The arrangements are being made by the Overseas Memorial Day association, Dr. Edmund L. Gros, president, and financed by funds raised last year by the association through the American Legion in the United States.

Large wreaths will be placed at the cenotaphs of all cemeteries and a special ceremony will be held at the tomb of the Unknown Soldier, under the Arc de Triomphe.

The Paris Post of the American Legion will send delegates in uniform to all the cemeteries in France and the London Post of the Legion will have charge of decorating the graves in England and Ireland.

At Suresnes, the cemetery nearest Paris, the memorial service will be conducted by Ambassador Myron T. Herrick and prominent American and French speakers will pay tribute to the memory of the fallen heroes.

There are 29,503 American war graves in France, 364 in Belgium 56 in England, three in Ireland and one grave in Gibraltar. Not even the isolated soil in Gibraltar will be missed.

The graves in France will be decorated with French as well as American flags and French cemeteries adjoining the American will be similarly distinguished.

The largest American cemetery in France is at Romagne which has 43,902 graves. There are 5,929 at Foron Tardenois, 4,121 at Thiaucourt, 2,185 at Bellefleur, 1,720 at Bony, 1,502 at Suresnes, and 89 scattered in the country. The American dead in Belgium are in the military cemetery at Waregem.

The Bellefleur Wood Association will this year take a part in the Memorial services to be held at the celebrated battlefield which is now a national park.

The decorating committee expects many visitors at the various cemeteries this Memorial Day, because of the large number of Americans now traveling in France, and all have been invited to assist at the services. The Graves Registration workers have been busy with the lawns and flowers and the cemeteries are reported in excellent condition, under the spring sunshine.

PLAN TO DRILL FOR OIL

Delphi People Organize to Sink a Well Near Their City

Delphi, Ind., May 29—Delphi business men and Carroll county farmers have formed a corporation to drill for gas and oil on land adjacent to Delphi. The firm is capitalized at \$10,000.00.

Revival of interest in oil in this section of the state has been marked by much activity during the past few months. Drilling is in progress in several parts of Cass county which adjoins Carroll.

The wells are being sunk at Royal Center and Laceren, the latter drilling, now progressing through a bed of solid rock, which geologists declare, indicates the presence of oil.

In the days of natural gas this field was worked extensively, the gas being shipped to Chicago.

WYATT'S CEDAR CHEST WEEK

Featuring the celebrated LANE cedar chest

brings the greatest values at the lowest prices we've ever seen

HERE is news that's going to interest women more than any bargain announcement made in this locality for some time. Tremendous price concessions quoted by the manufacturer especially for LANE Cedar Chest Week are being passed on to you with the barest profit to us. Ordinarily, we couldn't come within dollars of touching the remarkably low figures you'll find here. Remember, too, that every chest in this sale is a first quality, latest style, genuine red cedar LANE.

Any one of them would make a mighty timely and appropriate gift for the June bride or girl graduate. This is a suggestion and an opportunity for younger men as well as fathers and mothers. Now is the time also to store winter furs and woollens. The LANE, being moth-proof, dust-proof and damp-proof, provides absolute security for generations. In addition, from among the many beautiful patterns and styles, in all-cedar or cedar finished with mahogany, and walnut, you can select one that will harmonize with your furniture and add beauty to your room.

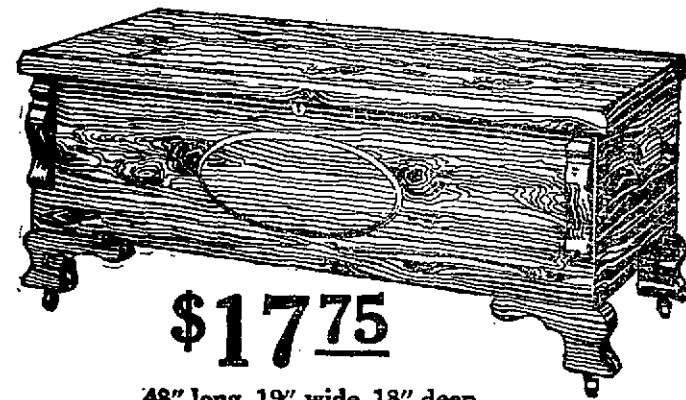

Every woman wants a cedar chest
Now is the time to get yours
Just look at the bargains here!

\$11.95

40" long, 18" wide, 17" deep

Look at the price we have put on this genuine red cedar chest, beautifully trimmed with cedar and copper. It is so low you will want to buy two—but to give all an equal opportunity we are forced to limit the sale of this chest to one to a customer as long as the pattern lasts. The cost of one moth-eaten garment might more than pay for this chest.

\$17.75

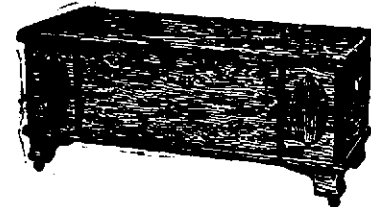

48" long, 19" wide, 18" deep

This is a full 48" chest—big, roomy and ideal for storage purposes. The finely cedar-decorated front is particularly handsome. This chest, cushioned, will make an attractive window seat, or dressing lounge for the foot of the bed. Only one of this pattern (as long as it lasts) will be sold to a customer at this remarkable price.

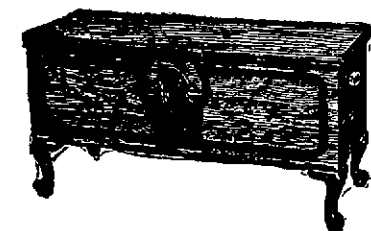

\$29.75

No. 48306—45" long, 19 1/2" wide, 20 1/2" deep. This is an attractive, round corner, trunk lid pattern, one of the most popular chests on our floor.

\$24.75

No. 48136—45" long, 20" wide, 21" deep. This is a finely decorated with cedar panels—an ideal piece of furniture for the bedroom or up-stairs hall.

\$32.75

No. 48506—48" long, 20" wide, 22" deep. This is the desirable Queen Anne design. It is a beautifully decorated chest and, like every LANE, positive moth-proof, dust-proof, damp-proof.

Our easy payment terms will apply during this sale

Come in and see these LANE Cedar Chests this week. Note the many beautiful designs and how carefully they are made—the interlocked corners, the sturdy legs that are screwed on in-

stead of being nailed, the double plated hardware and Yale lock, and the other evidences of fine workmanship that have made the LANE the foremost cedar chest. All are guaranteed.

Lumbago Leaves

Chiropractic Health Talk No. 67
By H. V. McCully, D. C., Ph. C.

Lumbago is a form of rheumatism locally confined to the lumbar region of the spine, or in plain language—the small of the back. Because of its locality it is sometimes confused with gall stones or rheumatism.

There will be severe pains in the small of the back extending to the hip. Frequently the condition is such that the sufferer is confined to bed. The underlying cause is lack of elimination, due to interrupted transmission of vital energy.

By my Chiropractic Health Method this interference is located and removed. Proper elimination ensues, and when the accumulated poisonous waste has naturally been drained from the system, health follows:

GONE

"After treating me for rheumatism and gall stones my local doctor admitted his failure to diagnose my case properly. I suffered severe pains in the small of my back and right hip joint. Was laid up entirely and in bed for two months. Finally, upon advice of a friend, I tried Chiropractic adjustments. The third adjustment convinced me I was on the right track, and after taking forty adjustments I consider myself cured. Certainly this is a great boon to mankind." — Claude A. Ratell, Chiropractic Research Bureau, Statement No. 2022-11.

WEED SURVEY IS MADE IN INDIANA

Purdue Expert Completes Survey of 71 Counties, and Finds Noxious Weeds in All Places

CANADA THISTLE WORST

Species is Found in 38 Counties With Closest Rival Being White Top in 32 Counties

Lafayette, Ind., May 29—Results of a weed survey in 71 Indiana counties have been compiled by Prof. Albert A. Hanson, of the Purdue University Agricultural Experiment station, and published by the Indiana Academy of Science.

The distribution of the noxious weeds of the state is shown graphically by means of a map. Canada thistle is listed as the worst weed in 38 counties and the second worst weed in 26 other counties.

The closest rival to the dreaded thistle is white top, reported to be the worst weed in 32 counties and second in importance in four counties.

Third place goes to wild garlic, worst in 21 counties and second in 16 counties, followed by buckhorn, wild morning glory, red sorrel, bull nettle, wild carrot, cocklebur, ragweed, quick grass, dodder, wild mustard, foxtail, daisy, cockle, smartweed, crabgrass, bindweed, sandbar, dock, wild sweet potato, flower-of-an-hour, bracted plantain, cheat, trumpet creeper, wild onion, wild parsnip, common plantain, sour grass, butter print, pigweed, and ironweed, in the order named.

Fifteen additional species are included among the important miscellaneous weeds, including Russian thistle, wild corn, wild cucumber, broom sedge, burdock and chickweed. The most important poisonous plants reported in the survey are white snakeroot and water hemlock.

The results of the weed survey, as announced by the Academy of Science, are being used as a basis of the weed work that is being conducted by the Agricultural extension department of Purdue University.

"My Rheumatism is gone"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S.S.S. Today I have the strength I used to have years ago! I don't use my crutches any more." S.S.S. makes people talk about themselves the way it builds up their strength. Start S.S.S. today for that rheumatism. You'll feel the difference shortly.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

TO BE HELD AT CAMP KNOX

Indianapolis, Ind., May 29—To promote efficiency among the officers, and expedite training at the summer camps of the Indiana National Guard series of instruction camps for officers and specially selected enlisted men are being held in various cities of the state this month.

The summer camps of the Indiana units this year will be held at Camp Knox, Kentucky, and for the air service men at Wilbur Wright Field, Ohio. They will be held late in August.

The 150 Field artillery will mobilize at Camp Knox, for two weeks on August 10, for at a two weeks

New Treatment for Varicose or Swollen Veins

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal. It is guaranteed.

So marvelously powerful is Emerald Oil that enlarged glands, wens and even goitre disappear when used steadily.

MOVIES

Guy Bates Post Starred

Carried from poverty to affluence overnight by one of the strangest freaks of fortune is the fate that overtakes John Loder, one of the two characters played by Guy Bates Post in the screen version of "The Masquerader," the first National attraction now showing at the Castle theatre. The fantasy of fate is emphasized by the fact that this quick transition is accomplished, not by superhuman efforts that would appear ridiculous or exceptional, but by a twist of coincidence that is startling but withal logical.

To make such a role sympathetic requires unaffected acting, and the star, who has played the part on the speaking stage more than three thousand times, has cultivated the simplicity of manner, artistry of bearing and poise to give it the dignified strength such a story demands. It is unusual to record that, realizing the tremendous possibilities of the screen, Mr. Post has waited three years before entering this field, in order to perfect himself in its technique and requirements. "The Mas-

querader" is the first picture he has appeared in and it stands as a sample of what he has learned by prolonged training and study.

Pola Negri at Princess

Heralded as her greatest picture, Pola Negri's second Paramount star production, "The Cheat," produced by George Fitzmaurice and featuring Jack Holt, which Charles de Roche in support, was shown for the first time at the Princess theatre last evening. It is an absorbing screen drama with a highly satisfactory climax and a role that presents this famous star in a most delightful manner.

Most of the action takes place at a Long Island society resort. Miss Negri appears as Carmelita de Cordoba, a South American heiress who falls in love with a New York broker (Jack Holt.) They elope in Paris and coming to New York, a series of highly dramatic episodes occur in which the young wife finds herself sorely pressed for funds. As a last resort she accepts the aid of a bogus East Indian Prince who loves her madly. A happy ending brings the picture to a novel close—an unusually gripping court room scene constituting the climax, the equal of which seldom has been seen on the screen.

This is the type of picture that the public has been clamoring for. Nothing has been left undone—it is a veritable triumph for both star and producer. Nor must the splendid work done by Jack Holt and Charles de Roche be overlooked. Beautiful women, gorgeous gowns, sumptuous settings, a tremendous story and acting to the nth degree, all combine to make "The Cheat" the picture of the current season.

LIMESTONE REPORT FOR YEAR IS MADE

State Geologist Says 1 1/2 Million Cubic Feet Was Produced in Bloomington-Bedford Area

INCREASE OVER LAST YEAR

Indianapolis, Ind May 29—Eleven and one half million cubic feet of limestone was produced in the Bloomington-Bedford limestone district in 1923, according to a report by Dr. W. N. Logan State geologist, made public today.

This was 35 percent, in excess of the previous year's production, Dr. Logan said. Indications are favorable to a continued large production in Indiana limestone which is used in many industries, according to Dr. Logan. It is one of the preferred materials for facing office buildings, and permanent buildings of all kinds. Among buildings in which Indiana limestone has been used, is the Massachusetts Institute of Technology, Cambridge, Mass.

Beside its general use in the construction of buildings, limestone is used in piers, dams, flagging and in paving. It is used in the manufacture of glass. Ground limestone aids the farmer in correcting the acidity of his soils. In the hard surfacing of roads, it is used as broken rock and as a constituent of concrete which is also extensively used in the construction of bridges.

Indiana has vast deposits of this necessary natural resource and its development is providing employment at splendid wages to many thousands of persons, Dr. Logan declared.

To Defense of Laundrymen

Indianapolis, Ind., May 29—The age old joke about the laundryman giving a saw tooth edge to a fellow's collar was exploded by Wilson Godfrey, laundryman.

"The truth about that saw tooth edge is that the collar is ripped to pieces along the edge by a gentleman's beard long before it reaches the laundry," he said.

"All the laundryman does is to stiffen the threadbare edge in starching. The collar has to be starched, so why blame the laundryman? Blame the barber—or the man himself," Godfrey says.

Nature's Danger Signals

Nervousness, melancholia, backache, headache, and pain in the side are all nature's danger signals which indicate some ailment peculiar to a woman. When such warning symptoms appear women may avoid much pain and suffering if they will rely upon Lydia E. Pinkham's Vegetable Compound, as its tonic, strengthening influence speedily removes the cause and restores the system to a healthy, normal condition.

Compare your bills, price for price, quality for quality, (especially for quality) and you will be agreeably surprised at the slight difference between our prices and those of the no service stores, and besides we buy all kinds of country produce.

Our egg price is always interesting—call us before selling.

We have a splendid, smoked meat business. The quality of our bacon, boiled ham and dried beef is known all over Rush County. We buy only the best grades and slice all meats as sold. This is the main reason that our boiled ham and dried beef are always so good. We offer a high grade chicken feed, no grits or oats at 100 lb. \$2.35

And You Can Try It Free

Kyanize Sanitary Floor Enamel is made for old floors. It paints and varnishes with one operation. Is the ideal finish around the border of a rug. You only need one coat. Being an enamel in place of a paint, it will wear twice as long as paint; is easier to put on, has a wonderful high gloss, and you can mop it and scrub it without hurting the gloss. You can walk on it and roll heavy furniture across it without cracking or chipping it.
